## **GEneral Multilingual Environmental Thesaurus**

### Volume 4: Concordance List

Prepared under contract to the European Topic Centre on Catalogue of Data Sources (ETC/CDS)  
by

**CNR - Consiglio Nazionale delle Ricerche**  
Istituto Tecnologie Biomediche  
Reparto Ricerca e Documentazione Ambientale  
Roma

and

**UBA - Umweltbundesamt**  
Berlin

**Version 2001**  
September 2001

<b>21</b>	
Agenda 21	<i>accommodation</i>
<b>abandoned</b>	<b>account</b>
abandoned industrial site	satellite account
abandoned vehicle	<i>national account</i>
<i>abandoned industrial land</i>	<b>accountancy</b>
<b>abatement</b>	<i>environmental accountancy</i>
noise abatement	<b>accounting</b>
oil pollution abatement	accounting
pollution abatement	accounting system
pollution abatement equipment	environmental accounting
pollution abatement waste	management accounting
<i>pollution abatement incentive</i>	national accounting
<b>abattoir</b>	national environmental accounting
<i>abattoir</i>	<b>accumulation</b>
<b>abiotic</b>	accumulation in body tissues
abiotic environment	pollutant accumulation
abiotic factor	<i>biological accumulation</i>
<b>absorption</b>	<i>body tissues accumulation</i>
absorption (exposure)	<b>accumulator</b>
pollutant absorption	accumulator
<i>absorption (process)</i>	<b>acid</b>
<b>abundance</b>	acid
ecological abundance	acid deposition
<b>abuse</b>	acid rain
drug abuse	amino acid
<b>Ac</b>	diluted acid
Ac	hydrochloric acid
<b>academic</b>	nucleic acid
academic	sulphuric acid
<b>acceptable</b>	<i>acid precipitation</i>
acceptable daily intake	<i>deoxyribonucleic acid</i>
acceptable risk level	<i>desoxyribonucleic acid</i>
<i>maximum acceptable concentration</i>	<b>acidification</b>
<b>acceptance</b>	acidification
technology acceptance	soil acidification
<i>acceptance</i>	<b>acidity</b>
<b>access</b>	acidity
access road	acidity degree
access to administrative documents	strong acidity
access to culture	<b>acoustic</b>
access to information	acoustic comfort
access to the courts	acoustic filter
access to the sea	acoustic insulation
land access	acoustic level
public access to land	acoustic property
right of access	<b>acoustical</b>
<i>public access building</i>	acoustical quality
<i>public access</i>	<b>acoustics</b>
<i>access right</i>	acoustics
<i>sea access</i>	<b>acquisition</b>
<i>administrative documents access</i>	data acquisition
<b>accident</b>	<b>act</b>
accident	act
accident source	chart (act)
environmental accident	chemicals act
major accident	Community act
nuclear accident	Federal Immission Control Act
nuclear explosion (accident)	juridical act
shipping accident	resolution (act)
technological accident	single European act
traffic accident	waste disposal act
work accident	wrongful act
<i>occupational accident</i>	wrongful government act
<b>accidental</b>	<i>chemical act</i>
accidental release of organisms	<i>finance act</i>
<i>organisms accidental release</i>	<i>financial act</i>
<b>accidents</b>	<b>actinide</b>
liability for marine accidents	actinide
<i>marine accidents liability</i>	<b>actinium</b>
<b>accommodation</b>	actinium
	<b>action</b>

action	administrative court (administration)
action group	environmental administration institution
class action suits law	<i>environmental administration</i>
public action	<i>public administration</i>
urban action program	<i>business administration</i>
<b>activated</b>	<b>administrative</b>
activated carbon	access to administrative documents
activated sludge	administrative body
<b>active</b>	administrative boundary
active participation	administrative competence
active population	administrative court (administration)
surface active compound	administrative deed
surface-active agent	administrative fiat
<b>activities</b>	administrative instructions
health-care activities waste	administrative jurisdiction
military activities	administrative law
<b>activity</b>	administrative occupation
anthropic activity	administrative organisation
biological activity	administrative procedure
branch of activity	administrative sanction
business activity	agreement (administrative)
economic activity	general administrative order
industrial activity	motivation of administrative acts
institutional activity	public institution of administrative nature
land-based activity	<i>administrative authorisation</i>
leisure activity	<i>administrative organism type</i>
manufacturing activity	<i>administrative court (legal aspects)</i>
seismic activity	<i>administrative agency</i>
socioeducational activity	<i>administrative penalty</i>
structure-activity relationship	<i>administrative tribunal</i>
touristic activity management	<i>administrative documents access</i>
trade activity	<i>administrative acts motivation</i>
<i>building (activity)</i>	<b>admissible</b>
<i>regulatory activity</i>	maximum admissible concentration
<i>non-trade activity</i>	<b>adsorption</b>
<i>agricultural activity</i>	adsorption
<i>man activity</i>	<b>adult</b>
<i>activity on the land</i>	adult
<i>activity branch</i>	adult education
<b>acts</b>	<b>advanced</b>
motivation of administrative acts	<i>advanced material</i>
<i>administrative acts motivation</i>	<b>advantage</b>
<b>acuity</b>	user advantage
hearing acuity	<b>advertisement</b>
<b>adaptable</b>	advertisement
adaptable species	<b>advertising</b>
<b>adaptation</b>	product advertising
adaptation period	<i>advertising</i>
ecological adaptation	<b>advice</b>
<i>adaptation</i>	advice
<b>addition</b>	environmental protection advice
addition polymer	<i>environmental advice</i>
chemical addition	<b>advisory</b>
<b>additional</b>	government advisory body
additional packaging	<b>aeolian</b>
Brussels additional agreement	<i>aeolian energy</i>
<b>additive</b>	<b>aeration</b>
additive	aeration
food additive	water aeration
fuel additive	<b>aerial</b>
<i>additive effect of toxic substances</i>	aerial photograph
<b>adequate</b>	aerial photography
adequate food supply	<b>aerobic</b>
<b>adhesive</b>	aerobic condition
adhesive	aerobic process
<b>ADI</b>	aerobic treatment
<i>ADI</i>	<b>aerobiology</b>
<b>adjustment</b>	aerobiology
structural adjustment program	<b>aerobiosis</b>
<b>administration</b>	<i>aerobiosis</i>
administration	<b>aerodynamic</b>

aerodynamic noise	Oslo agreement
<b>aeroplane</b>	<i>Ramsar agreement</i>
<i>aeroplane</i>	<i>agreement</i>
<b>aerosol</b>	<b>agri</b>
aerosol	agri-foodstuff
atmospheric aerosol	<i>agri-food industry</i>
<b>aesthetics</b>	<b>agricultural</b>
aesthetics	agricultural biotechnology
<b>affairs</b>	agricultural building
<i>international affairs</i>	agricultural disaster
<i>social affairs</i>	agricultural ecology
<i>foreign affairs</i>	agricultural economics
<b>affection</b>	agricultural effluent
<i>affection</i>	agricultural engineering
<i>respiratory affection</i>	agricultural equipment
<b>afforestation</b>	agricultural exploitation
afforestation	agricultural holding
local afforestation	agricultural hydraulics
<i>re-afforestation</i>	agricultural land
<b>Africa</b>	agricultural landscape
Africa	agricultural legislation
Central Africa	agricultural machinery
East Africa	agricultural management
North Africa	agricultural method
Southern Africa	agricultural pest
West Africa	agricultural planning
<b>after</b>	agricultural policy
landscape after mining	agricultural pollution
<b>afterburning</b>	agricultural product
afterburning	agricultural production
<b>Ag</b>	agricultural real estate
<i>Ag</i>	agricultural storage
<b>age</b>	agricultural structure
age	agricultural undervaluation
<b>agency</b>	agricultural waste
environmental protection agency	common agricultural policy
European Environment Agency	cultivation of agricultural land
<i>administrative agency</i>	means of agricultural production
<b>Agenda</b>	processed agricultural produce
Agenda 21	regulation of agricultural production
<b>agent</b>	water for agricultural use
antifouling agent	yield (agricultural)
bleaching agent	<i>agricultural chemical</i>
complexing agent	<i>agricultural estate</i>
fireproofing agent	<i>agricultural and food industry</i>
foaming agent	<i>agricultural law</i>
forwarding agent	<i>agricultural practice</i>
impregnating agent	<i>agricultural use substance</i>
oil binding agent	<i>agricultural technique</i>
oxidising agent	<i>agricultural activity</i>
photochemical agent	<i>agricultural performance</i>
softening agent	<i>agricultural machine</i>
surface-active agent	<i>agricultural underrating</i>
<i>chemical warfare agent</i>	<i>agricultural working population</i>
<i>control agent</i>	<i>agricultural use water</i>
<i>fire protection agent</i>	<i>agricultural land cultivation</i>
<i>shipping agent</i>	<i>agricultural production means</i>
<i>flocculating agent</i>	<i>agricultural production regulation</i>
<b>agglomeration</b>	<b>agriculture</b>
<i>urban agglomeration</i>	agriculture
<b>aggregate</b>	agriculture and cattle industry
aggregate extraction	agriculture framework plan
<b>agreement</b>	environmental impact of agriculture
agreement (administrative)	environmental legislation on agriculture
agreement (contract)	food production (agriculture)
agreement (legal)	working population engaged in agriculture
Brussels additional agreement	<i>culture (agriculture)</i>
common agreement	<i>intensive agriculture</i>
international agreement	<i>industrial agriculture</i>
Marpol agreement	<i>production of food (agriculture)</i>
multilateral agreement	<i>agriculture environmental impact</i>

agriculture environmental legislation

**agritourism**

agritourism

**agrochemical**

agrochemical

**agroforestry**

agroforestry

**agroindustry**

agroindustry

**agrometeorology**

agrometeorology

**agronomic**

agronomic value

**agronomy**

agronomy

**agrosystem**

agrosystem

**aground**

*running aground*

**aid**

aid policy

development aid

financial aid

humanitarian aid

public aid

*state aid*

*social aid*

*international aid*

**AIDS**

AIDS

**aims**

conflict of aims

*aims conflict*

**air**

air

air conditioning

air movement

air pollutant

air pollution

air quality

air quality control

air quality management

air quality monitoring

air safety

air temperature

air traffic

air traffic law

air traffic regulation

air transportation

air-water interaction

civil air traffic

clean air area

clean air car

gaseous air pollutant

indoor air pollution

military air traffic

ocean-air interface

respiratory air

soil air

waste air

waste air purification (gas)

*air transport*

*automobile air pollution*

*purification of waste air (gas)*

**airborne**

airborne noise

**aircraft**

aircraft

aircraft engine emission

aircraft noise

**airport**

airport

**airspace**

airspace planning

**Al**

*Al*

**alarm**

alarm

**alcohol**

alcohol

fuel alcohol

**alerting**

*emergency alerting system*

**alga**

alga

blue-green alga

**algal**

algal bloom

**algicide**

algicide

**alicyclic**

alicyclic compound

alicyclic hydrocarbon

**alignment**

alignment

**aliphatic**

aliphatic compound

aliphatic hydrocarbon

**alkali**

alkali land

alkali soil

**alkaline**

alkaline battery

element of group I (alkaline)

element of group II (alkaline earth metals)

*alkaline cell*

*group I (alkaline) element*

*group II (alkaline earth metals) element*

**alkalinity**

*alkalinity*

**alkane**

alkane

**alkyl**

alkyl compound

**all**

all-terrain vehicle

*water quality (all kinds)*

**allergen**

allergen

**allergy**

allergy

**allocation**

allocation

allocation plan

outer space (allocation plan)

time allocation

**allotment**

land allotment

*allotment*

**allowable**

*maximum allowable concentration*

**allowance**

allowance

**alloy**

alloy

**alluvial**

alluvial plain

*alluvial sheet*

**alluvion**

alluvion

**alluvium**

*alluvium*

<b>alpha</b>	alpha radiation	analysis programme
<b>alteration</b>	alteration	biological analysis
	climatic alteration	chemical analysis
	landscape alteration	chromatographic analysis
	physical alteration	cost-benefit analysis
<b>altering</b>		danger analysis
	<i>mood altering effect</i>	data analysis
<b>alternative</b>		economic analysis
	alternative material	ecosystem analysis
	alternative technology	environmental analysis
	<i>alternative energy</i>	mathematical analysis
<b>altitude</b>		microbiological analysis
	altitude	natural risk analysis
<b>alumina</b>		noise analysis
	alumina	physicochemical analysis
<b>aluminium</b>		pollutant analysis
	aluminium	process analysis
	aluminium container	residue analysis
	aluminium content	risk analysis
	aluminium industry	risk-benefit analysis
<b>alveolus</b>		safety analysis
	alveolus	sensitivity analysis
<b>amalgam</b>		social analysis
	amalgam	soil analysis
<b>amateur</b>		statistical analysis
	<i>amateur angling</i>	systems analysis
	<i>amateur fishing</i>	waste analysis
<b>amendment</b>		water analysis
	law amendment	willingness-to-pay analysis
<b>amenity</b>		<i>data analysis technique</i>
	aquatic recreational amenity	<i>system analysis</i>
<b>America</b>		<b>analytic</b>
	Central America	<i>analytic method</i>
	North America	<b>analytical</b>
	South America	analytical chemistry
	<i>America</i>	analytical equipment
<b>Americas</b>		analytical method
	Americas	<i>analytical device</i>
<b>Ames</b>		<b>analytics</b>
	Ames test	<i>analytics</i>
<b>amine</b>		<b>anatomy</b>
	amine	anatomy
<b>amino</b>		<b>ancient</b>
	amino acid	ancient times
<b>ammonia</b>		<b>angiosperm</b>
	ammonia	angiosperm
<b>ammonification</b>		<b>angling</b>
	ammonification	angling
<b>ammonium</b>		<i>amateur angling</i>
	ammonium	<b>animal</b>
<b>amortisation</b>		animal
	<i>amortisation</i>	animal behaviour
<b>amosite</b>		animal biology
	<i>amosite</i>	animal conservatory
<b>amount</b>		animal corridor
	residual amount of water	animal damage
	<i>water residual amount</i>	animal disease
<b>amphibian</b>		animal displacement
	amphibian	animal dung as fuel
<b>amusement</b>		animal ecology
	amusement park	animal excrement
<b>anaerobic</b>		animal experiment
	anaerobic condition	animal foodstuff
	anaerobic process	animal for slaughter
	anaerobic treatment	animal genetics
<b>anaerobiosis</b>		animal habitat
	<i>anaerobiosis</i>	animal health
<b>analysis</b>		animal heritage
	analysis	animal housing
		animal husbandry
		animal life

animal manure	Antarctica
animal migration	<b>anthropic</b>
animal noise	anthropic activity
animal nutrition	<b>anthropogenic</b>
animal physiology	anthropogenic factor
animal population	<i>anthropogenic disaster</i>
animal product	<b>anthropologic</b>
animal production	anthropologic reserve
animal protection	<b>antibiotic</b>
animal remain	antibiotic
animal reproduction	<b>antibody</b>
animal resource	antibody
animal rights	<b>anticipation</b>
animal shelter	anticipation of danger
animal species	<i>danger anticipation</i>
animal species reintroduction	<b>antifouling</b>
animal textile fibre	antifouling agent
animal trade	<i>antifouling</i>
animal waste	<b>antipollution</b>
aquatic animal	antipollution incentive
domesticated animal	antipollution premium
draught animal	<b>antiquated</b>
endangered animal species	antiquated plant
farm animal	<b>antiquity</b>
fur animal	<i>antiquity</i>
intensive animal husbandry	<b>antiseismic</b>
introduction of animal species	antiseismic regulation
test animal	<b>anxiety</b>
warm-blooded animal	environmental anxiety
wild animal	<b>AOX</b>
<i>animal breeding</i>	AOX value
<i>animal selection</i>	<b>apartment</b>
<i>laboratory animal</i>	apartment block
<i>unicellular animal</i>	<b>apiculture</b>
<i>tamed animal</i>	apiculture
<i>domestic animal</i>	<b>apparatus</b>
<i>animal territory</i>	respiratory protection apparatus
<i>endangered animal</i>	<i>apparatus</i>
<i>animal dung</i>	<i>measuring apparatus</i>
<i>hoofed animal</i>	<b>appeal</b>
<i>animal experimentation</i>	appeal
<i>animal food</i>	appeal procedure
<i>animal testing</i>	<b>appliance</b>
<i>animal species introduction</i>	domestic appliance
<b>animals</b>	<i>home appliance</i>
crossing place for animals	<i>household appliance</i>
feeding of animals	<b>application</b>
game (animals)	<i>fertiliser application</i>
protection of animals	<b>applied</b>
selective breeding of animals	applied ecology
slaughtering of animals	applied nutrition
<i>slaughter of animals</i>	applied research
<i>animals crossing place</i>	applied science
<i>animals selective breeding</i>	<b>appraisal</b>
<i>animals feeding</i>	appraisal
<i>animals slaughtering</i>	resource appraisal
<i>animals protection</i>	<b>approach</b>
<b>anion</b>	approach
anion	flexible approach to environmental protection
<b>annelid</b>	<b>appropriate</b>
annelid	appropriate technology
<b>antagonism</b>	<b>approval</b>
antagonism	approval
<b>antagonistic</b>	approval of installations
antagonistic effect of toxic substances	installation requiring approval
<i>toxic substances antagonistic effect</i>	<i>installations approval</i>
<b>Antarctic</b>	<b>aptitude</b>
Antarctic ecosystem	NIMBY aptitude
Antarctic Ocean	<b>aquaculture</b>
Antarctic region	aquaculture
<b>Antarctica</b>	environmental impact of aquaculture

aquaculture environmental impact	rural area
<b>aquatic</b>	sensitive area
aquatic animal	sensitive natural area
aquatic ecology	service area
aquatic ecosystem	terrestrial area
aquatic environment	urban area
aquatic mammal	volcanic area
aquatic micro-organism	water protection area
aquatic organism	wide area network
aquatic plant	<i>green area</i>
aquatic recreational amenity	<i>landfill area</i>
<b>aqueduct</b>	<i>water collection area</i>
aqueduct	<i>environmental area</i>
<b>aquifer</b>	<i>managed resource area</i>
aquifer	<i>disaster area</i>
<b>arable</b>	<i>distress area</i>
arable farming	<i>potential pollution area</i>
<b>arboretum</b>	<b>areas</b>
arboretum	land restoration in mountain areas
<b>arboriculture</b>	natural areas protection
arboriculture	<i>natural areas conservation</i>
<b>archaeological</b>	<i>mountain areas land restoration</i>
archaeological site	<b>arid</b>
<b>archaeology</b>	arid land
archaeology	arid land ecosystem
<b>archipelago</b>	semi-arid land ecosystem
archipelago	<i>arid zone</i>
<b>architecture</b>	<b>armament</b>
architecture	armament
environmental sustainable architecture	armament conversion
landscape architecture	<b>armed</b>
rural architecture	armed forces
traditional architecture	<b>aromatic</b>
<b>Arctic</b>	aromatic compound
Arctic ecosystem	aromatic hydrocarbon
Arctic Ocean	aromatic substance
Arctic region	polycyclic aromatic hydrocarbon
<b>area</b>	<b>arrangement</b>
area of potential pollution	arrangement for a deposit on packaging
area under stress	transitional arrangement
building area	<b>arsenic</b>
built-up area	arsenic
Caribbean Area	<b>art</b>
catchment area	art
central park area	state of the art
clean air area	<b>arthropod</b>
coastal area	arthropod
contaminated area	<b>Articulata</b>
development area	Articulata
distribution area	<b>artificial</b>
drinking water protection area	artificial lake
ecologically sensitive area	artificial reproductive technique
estuarine conservation area	artificial satellite
fallow area	<i>artificial fertiliser</i>
hazard area	<b>asbestos</b>
industrial area	asbestos
land-management intervention area	asbestos cement
landscape protection area	sprayed asbestos
marine conservation area	<b>asbestosis</b>
Mediterranean Area	asbestosis
mixed use area	<b>ASEAN</b>
mountainous area	ASEAN
multiple use management area	<b>ash</b>
natural area	ash
nesting area	fly ash
non-built-up area	<b>Asia</b>
peripheral park area	Asia
protected area	Central Asia
recreational area	Eastern Asia
residential area	Southeast Asia
residential area with traffic calmings	Southern Asia

Western Asia	atmospheric chemistry
South-East Asia	atmospheric circulation
<b>Asian</b>	atmospheric component
<i>Association of Southeast Asian Nations</i>	atmospheric composition
<b>aspect</b>	atmospheric correction
environmental aspect of human settlements	atmospheric emission
global aspect	atmospheric fallout
socioeconomic aspect of human settlements	atmospheric humidity
sociopolitical aspect	atmospheric inversion
<i>economic aspect</i>	atmospheric layering
<i>medical aspect</i>	atmospheric model
<i>human settlements environmental aspect</i>	atmospheric monitoring
<i>human settlements socioeconomic aspect</i>	atmospheric ozone
<b>aspects</b>	atmospheric particulate
military aspects	atmospheric physics
<i>administrative court (legal aspects)</i>	atmospheric pollution
<b>assay</b>	atmospheric precipitation
assay	atmospheric process
in vitro assay	atmospheric science
in vivo assay	atmospheric structure
<b>assessment</b>	<i>atmospheric pollutant</i>
damage assessment	<b>atomic</b>
ecological assessment	<i>atomic energy legislation</i>
environmental assessment	<i>European Atomic Energy Union</i>
environmental assessment criterion	<b>atrazine</b>
environmental health impact assessment	atrazine
environmental impact assessment	<b>attendance</b>
environmental risk assessment	public attendance
forest resource assessment	tourist attendance
impact assessment	<b>attribute</b>
monetary assessment	attribute
natural heritage assessment	biological attribute
pollutant assessment	geographic attribute
risk assessment	<b>attribution</b>
sectoral assessment	attribution
technology assessment	<b>audio</b>
toxicological assessment	audio-visual presentation
<i>assessment</i>	<i>audio-visual material</i>
<i>assessment criterion</i>	<b>audiovisual</b>
<b>assimilation</b>	audiovisual equipment
assimilation	audiovisual media
waste assimilation capacity	<b>audit</b>
<b>assistance</b>	audit
credit assistance	EC regulation on eco-management and audit
financial assistance	environmental statement (eco-audit)
international assistance	<i>eco-audit</i>
judicial assistance	<i>environmental audit</i>
sanitary assistance	<i>EC eco-management and audit regulation</i>
<i>technical assistance</i>	<b>auditing</b>
<i>public assistance</i>	environmental auditing
<b>association</b>	<b>auditory</b>
association	<i>auditory system</i>
environmental protection association	<b>authorisation</b>
industrial association	authorisation
<i>Association of Southeast Asian Nations</i>	special authorisation
<b>assurance</b>	<i>administrative authorisation</i>
quality assurance	<b>authorities</b>
<b>astronautics</b>	<i>government (authorities)</i>
astronautics	<b>authority</b>
<b>astronomy</b>	authority body
astronomy	controlling authority
<i>outer space (astronomy)</i>	federal authority
<b>Atlantic</b>	legislative authority
North Atlantic Ocean	local authority
South Atlantic Ocean	provincial/regional authority (D)
<b>atlas</b>	regional authority
atlas	water regulatory authority
<b>atmosphere</b>	<b>autoecology</b>
atmosphere	autoecology
<b>atmospheric</b>	<b>automatic</b>
atmospheric aerosol	automatic detection

**automobile**

automobile industry  
*automobile*  
*automobile parking*  
*discarded automobile*  
*automobile air pollution*

**availability**

bio-availability

**avalanche**

avalanche  
avalanche protection  
*avalanche control*

**aviation**

aviation law  
*aviation*

**aviculture**

aviculture

**avifauna**

avifauna

**avoidance**

waste avoidance

**aware**

*environmentally aware behaviour*

**awareness**

citizen awareness  
environmental awareness  
public awareness campaign

**Ba**

*Ba*

**baby**

*baby*

**background**

background level  
background noise  
background radiation

**bacterial**

bacterial bed  
*bacterial filter*

**bactericide**

bactericide

**bacteriological**

bacteriological pollution

**bacteriology**

bacteriology

**bacterium**

bacterium  
coliform bacterium  
faecal bacterium

**balance**

balance (economic)  
balance of materials  
balance of matter  
balance of nature  
biological water balance  
eco-balance  
ecological balance  
energy balance  
environmental balance  
hydrologic balance  
international balance  
nutrient balance  
waste balance  
*hydric balance*  
*water balance*  
*balance of interests*  
*matter balance*  
*materials balance*

**balancing**

balancing (process)  
balancing of interests  
*interests balancing*

**ban**

*ban*

**band**

spectral band

**bank**

bank (land)  
bank protection  
environmental specimen bank  
gene bank  
literature data bank  
*data bank*  
*river bank*

**banking**

banking  
emission reduction banking

**bar**

*longshore bar*  
*offshore bar*

**barium**

barium

**barrier**

barrier beach  
barrier reef  
noise barrier  
trade barrier  
*barrier ice*

**base**

base (chemical)  
data base  
landfill base sealing

**based**

coal-based energy  
land-based activity  
land-based marine pollution  
oil-based energy

**Basel**

Basel Convention

**baseline**

baseline monitoring

**basic**

basic food requirement

**basicity**

basicity

**basidiomycete**

basidiomycete

**basin**

hydrographic basin  
international river basin  
lake basin  
retarding basin  
river basin development  
sedimentary basin  
sedimentation basin  
storm water basin  
*catchment basin*  
*hydric basin*  
*mining basin*  
*river basin*  
*fluvial basin*  
*settling basin*

**basis**

cost recovery basis  
legal basis

**Basle**

*Basle Convention*

**bastardisation**

bastardisation of fauna  
bastardisation of flora  
*fauna bastardisation*  
*flora bastardisation*

**bat**

bat	benthic ecosystem
<b>batch</b>	<b>benthos</b>
batch process	benthos
<b>bath</b>	<b>benzene</b>
public bath	benzene
<b>bathing</b>	<b>benzopyrene</b>
bathing freshwater	benzopyrene
bathing seawater	<b>Bern</b>
bathing water	Bern Convention
<b>battery</b>	<b>beryllium</b>
alkaline battery	beryllium
battery	<b>beta</b>
battery disposal	beta radiation
button-cell battery	<b>beverage</b>
electric battery	beverage
<i>button battery</i>	beverage industry
<b>bay</b>	<b>bibliographic</b>
bay	bibliographic information
<b>beach</b>	bibliographic information system
barrier beach	<b>bibliography</b>
beach	bibliography
beach cleansing	<b>bicycle</b>
<b>beaching</b>	bicycle
beaching	<b>big</b>
<b>bearing</b>	big game
load bearing capacity	<b>bilateral</b>
<b>bed</b>	bilateral convention
bacterial bed	<b>bilge</b>
fluidised bed	bilge oil
river bed	bilge water
sea bed	<b>bin</b>
sea bed exploitation	waste bin
sea bed mining	<b>binding</b>
sea grass bed	oil binding agent
<i>fluid bed</i>	<b>bio</b>
<i>marine grass bed</i>	bio-availability
<b>bee</b>	<b>bioaccumulation</b>
bee	bioaccumulation
bee conservation	<b>bioaccumulative</b>
<b>beef</b>	bioaccumulative pollutant
beef cattle	<b>bioassay</b>
<b>beetle</b>	<i>bioassay</i>
beetle	<b>biochemical</b>
<b>behaviour</b>	biochemical method
animal behaviour	biochemical oxygen demand
behaviour	biochemical process
behaviour of substances	biochemical substance
behaviour pattern	<b>biochemistry</b>
consumer behaviour	biochemistry
environmentally responsible behaviour	<b>biocide</b>
group behaviour	biocide
pollutant behaviour	<i>EC biocide directive</i>
social behaviour	<b>biocides</b>
social-minded behaviour	EC directive on biocides
<i>environmentally aware behaviour</i>	<b>bioclimatology</b>
<i>substances behaviour</i>	bioclimatology
<b>behavioural</b>	<b>biocoenosis</b>
behavioural science	biocoenosis
<b>being</b>	<b>bioconcentration</b>
<i>living being</i>	bioconcentration factor
<i>well-being</i>	<b>biodegradability</b>
<i>human being</i>	biodegradability
<b>beneficial</b>	<b>biodegradable</b>
beneficial organism	biodegradable pollutant
<b>benefit</b>	non-biodegradable pollutant
cost-benefit	<b>biodegradation</b>
cost-benefit analysis	biodegradation
public benefit inquiry	<b>biodiversity</b>
risk-benefit analysis	biodiversity
<b>benthic</b>	<b>bioethics</b>
benthic division	bioethics

<b>biofiltration</b>	marine biology
biofiltration	molecular biology
<b>biofuel</b>	plant (biology)
biofuel	plant biology
<b>biogas</b>	seed (biology)
biogas	soil biology
<b>biogeochemical</b>	<i>extermination (biology)</i>
biogeochemical cycle	<b>bioluminescence</b>
<b>biogeochemistry</b>	bioluminescence
biogeochemistry	<b>biomarker</b>
<b>biogeographical</b>	biomarker
biogeographical region	<b>biomass</b>
<b>biogeography</b>	biomass
biogeography	biomass energy
<b>biological</b>	<b>biophysics</b>
biological activity	biophysics
biological analysis	<b>bioreactor</b>
biological attribute	bioreactor
biological contamination	<b>biorhythm</b>
biological cycle	biorhythm
biological development	<b>biosafety</b>
biological effect	biosafety
biological effect of pollution	<b>biosphere</b>
biological engineering	biosphere
biological heritage	biosphere reserve
biological indicator	<b>biosynthesis</b>
biological monitoring	biosynthesis
biological nitrogen fixation	<b>biosystem</b>
biological pest control	<i>biosystem</i>
biological pollutant	<b>biotechnological</b>
biological pollution	biotechnological hazard
biological process	<i>biotechnological issue</i>
biological production	<b>biotechnologies</b>
biological reserve	socioeconomic impact of biotechnologies
biological resource	<i>biotechnologies socioeconomic impact</i>
biological test	<b>biotechnology</b>
biological treatment	agricultural biotechnology
biological waste gas purification	biotechnology
biological waste treatment	health-related biotechnology
biological wastewater treatment	<b>biotest</b>
biological water balance	<i>biotest</i>
biological weapon	<b>biotic</b>
competition (biological)	biotic factor
forest biological reserve	biotic index
reproduction (biological)	<b>biotope</b>
resistance (biological)	biotope
specialisation (biological)	biotope network
state biological reserve	biotope order
sterilisation (biological)	biotope protection
stock (biological)	loss of biotope
terrestrial biological resource	secondary biotope
<i>biological clock</i>	<i>biotope loss</i>
<i>biological control</i>	<b>biphenyl</b>
<i>biological diversity</i>	halogenated biphenyl
<i>biological science</i>	polybrominated biphenyl
<i>biological marker</i>	polychlorinated biphenyl
<i>biological rhythm</i>	<b>bird</b>
<i>biological filtration</i>	bird
<i>biological accumulation</i>	bird of prey
<i>morphology (biological)</i>	bird sanctuary
<i>demesnial biological reserve</i>	bird species
<i>biological treatment of waste water</i>	breeding bird
<i>pollution biological effect</i>	migratory bird
<b>biology</b>	<i>prey bird</i>
animal biology	<b>birds</b>
biology	protection of birds
cell (biology)	<i>birds protection</i>
estuarine biology	<b>birth</b>
flora (biology)	birth control
freshwater biology	<b>bitumen</b>
human biology	bitumen

<b>black</b>	boron
black coal	<b>botanic</b>
Black Sea	<i>botanic garden</i>
<i>black tide</i>	<b>botanical</b>
<b>blast</b>	botanical conservatory
blast furnace	botanical garden
<b>blaze</b>	<b>botany</b>
<i>blaze</i>	botany
<b>bleaching</b>	<b>bottle</b>
bleaching agent	bottle cap
bleaching clay	<b>bottom</b>
bleaching process	water bottom
<b>blindness</b>	<i>double bottom ship</i>
<i>river blindness</i>	<b>boundary</b>
<b>block</b>	administrative boundary
apartment block	boundary crossing
<b>blood</b>	boundary layer
blood (tissue)	national boundary
lead level in blood	sub-national boundary
<i>blood lead level</i>	<i>boundary</i>
<b>blooded</b>	<b>bovid</b>
warm-blooded animal	bovid
<b>bloom</b>	<b>bovine</b>
algal bloom	bovine
<b>blue</b>	<b>Br</b>
blue-green alga	<i>Br</i>
<b>board</b>	<b>Br2</b>
bulletin board system	<i>Br2</i>
<b>boating</b>	<b>brackish</b>
boating	brackish water
<b>bocage</b>	<b>bradyseism</b>
bocage	bradyseism
<b>BOD</b>	<b>branch</b>
<i>BOD</i>	branch of activity
<b>body</b>	law branch
accumulation in body tissues	<i>right branch</i>
administrative body	<i>legislation branch</i>
authority body	<i>activity branch</i>
government advisory body	<b>breach</b>
human body	<i>breach</i>
judicial body	<b>breast</b>
statutory public body	breast milk
supervisory body	<b>breeder</b>
water body	<i>fast breeder reactor</i>
<i>body tissues accumulation</i>	<b>breeding</b>
<b>bog</b>	breeding
bog	breeding bird
<i>peat bog</i>	breeding technique
<b>boiler</b>	livestock breeding
boiler	nursery (plant breeding)
<b>boiling</b>	plant breeding
boiling point	selective breeding of animals
<b>Bonn</b>	selective breeding of plants
Bonn Convention	<i>animal breeding</i>
<b>book</b>	<i>fish breeding</i>
book	<i>plants selective breeding</i>
<i>red data book</i>	<i>animals selective breeding</i>
<b>bookkeeping</b>	<b>brewing</b>
bookkeeping	brewing industry
ecological bookkeeping	<b>brick</b>
<b>boom</b>	brick
oil boom	<b>bridge</b>
sonic boom	bridge
<b>border</b>	<b>broad</b>
border	broad-leaved tree
<i>trans-border pollution</i>	<b>bromine</b>
<b>boring</b>	bromine
<i>boring</i>	<b>brooding</b>
<b>borne</b>	brooding
structure-borne noise	<b>brook</b>
<b>boron</b>	brook

<b>brush</b>	bulb cultivation
<i>brush cutting</i>	
<b>brushwood</b>	<b>bulky</b>
brushwood	bulky waste
<b>Brussels</b>	<i>bulky refuse</i>
Brussels additional agreement	<b>bulletin</b>
<b>bryophyte</b>	bulletin board system
bryophyte	<b>burden</b>
<b>bubble</b>	<i>pollutant burden</i>
bubble policy (emissions trading)	<b>bureaucratisation</b>
<b>budget</b>	bureaucratisation
budget	<b>burn</b>
budget policy	slash and burn culture
Community budget	<b>burning</b>
time budget	controlled burning
<b>Budgeting</b>	<i>burning of waste</i>
Planning-Programming-Budgeting System	<i>burning</i>
<i>time budgeting</i>	<b>bus</b>
<b>bug</b>	bus
bug	bus station
<b>building</b>	<b>bush</b>
agricultural building	bush clearing
building	<b>business</b>
building area	business
building component	business activity
building destruction	business classification
building industry	business economics
building land	business organisation
building material	business policy
building materials industry	demolition business
building permit	goal of individual economic business
building planning	handicraft business
building regulation	insurance business
building restoration	painting business
building service	repair business
building site	size of business
building site preparation	transportation business
building technology	type of business
building waste	undertaking business
farm building	<i>business economy</i>
government building	<i>business administration</i>
green building	<i>business size</i>
high-rise building	<i>individual economic business goal</i>
industrial building	<i>business type</i>
industrial plant (building)	<b>butterfly</b>
local building material	butterfly
ministry building	<b>button</b>
non-residential building	button-cell battery
prefabricated building	<i>button cell</i>
public building	<i>button battery</i>
residential building	<b>Ca</b>
safety standard for building	<i>Ca</i>
sick building syndrome	<b>cabinet</b>
standard for building industry	government (cabinet)
supervision of building works	<b>cable</b>
<i>building (activity)</i>	cable
<i>environmentally sensitive building</i>	<b>cadastre</b>
<i>public access building</i>	<i>cadastre</i>
<i>building machine</i>	<b>cadmium</b>
<i>building rule</i>	cadmium
<i>building industry standard</i>	cadmium contamination
<i>building works supervision</i>	<b>caesium</b>
<b>buildings</b>	caesium
<i>local material for buildings</i>	<b>cake</b>
<b>built</b>	filter cake
built drainage system	<b>calamity</b>
built environment	<i>calamity</i>
built structure	<b>calcium</b>
built-up area	calcium
non-built-up area	calcium content
<b>bulb</b>	<b>calculation</b>
	calculation

calculation method	<b>carbon</b>
dispersion calculation	activated carbon
<b>calibration</b>	carbon
calibration	carbon cycle
calibration of measuring equipment	carbon dioxide
<i>measuring equipment calibration</i>	carbon dioxide tax
<b>calmings</b>	carbon monoxide
residential area with traffic calmings	dissolved organic carbon
<b>calorific</b>	organic carbon
utilisation of calorific value	total organic carbon
<i>calorific value utilisation</i>	<b>carbonate</b>
<b>camp</b>	carbonate
camp	<b>carcass</b>
holiday camp	carcass disposal
<b>campaign</b>	<b>carcinogen</b>
public awareness campaign	carcinogen
<b>camping</b>	<b>carcinogenicity</b>
camping	carcinogenicity
camping site	carcinogenicity test
<b>campsite</b>	<b>cardiology</b>
<i>campsite</i>	cardiology
<b>can</b>	<b>cardiovascular</b>
spray can	cardiovascular disease
<b>canal</b>	cardiovascular system
canal	<b>care</b>
canal lock	health care
irrigation canal	health care profession
<i>urban canal</i>	health-care activities waste
<b>canalisation</b>	occupational health care
<i>canalisation</i>	plant health care
<b>cancer</b>	traditional health care
cancer	<b>Caribbean</b>
cancer risk	Caribbean Area
<b>cancerogen</b>	<b>carnivore</b>
<i>cancerogen</i>	carnivore
<b>cancerogenicity</b>	<b>carrier</b>
<i>cancerogenicity</i>	carrier
<b>canid</b>	data carrier
canid	<b>carry</b>
<b>canyon</b>	carry-over effect
canyon	<b>carrying</b>
<b>cap</b>	ecological carrying capacity
bottle cap	land carrying capacity
<b>capability</b>	<b>cartography</b>
soil capability	cartography
<b>capacity</b>	<b>cascade</b>
ecological carrying capacity	<i>cascade</i>
land carrying capacity	<b>case</b>
load bearing capacity	<i>case law</i>
waste assimilation capacity	<b>cash</b>
<i>ecological load capacity</i>	cash crop
<b>cape</b>	<b>Caspian</b>
<i>cape</i>	Caspian Sea
<b>capita</b>	<b>catalysis</b>
per capita data	catalysis
<b>capital</b>	<b>catalyst</b>
free movement of capital	catalyst
tax on capital	<b>catalytic</b>
<i>capital free movement</i>	catalytic converter
<i>capital tax</i>	<b>catastrophe</b>

cultural goods	dairy product
cultural heritage	<i>dairy products industry</i>
cultural indicator	<b>dam</b>
cultural policy	dam
socio-cultural group	dam draining
<b>culture</b>	storage dam
access to culture	<b>damage</b>
culture (society)	animal damage
environmental culture	compensation for damage
slash and burn culture	damage
traditional culture	damage assessment
<i>culture (agriculture)</i>	damage from military manoeuvres
<i>mixed culture</i>	damage insurance
<i>industrial culture</i>	damage prevention
<i>fish culture</i>	environmental damage
<b>cumbersome</b>	field damage
<i>cumbersome waste</i>	forest damage
<b>current</b>	immission damage
ocean current	inventory of forest damage
<i>water current</i>	minimisation of damage
<b>curriculum</b>	penalty for environmental damage
curriculum	radiation damage
<b>custom</b>	soil damage
custom and usage	storm damage
<b>customs</b>	water damage
customs	<i>ecological damage</i>
customs regulation	<i>flood damage</i>
customs tariff	<i>damage compensation</i>
<b>cut</b>	<i>damage minimisation</i>
worked-out open cut	<i>forest damage inventory</i>
<b>cutting</b>	<i>military manoeuvres damage</i>
cutting (forestry)	<b>damages</b>
cutting (vegetative propagation)	liability for nuclear damages
water weed cutting	<i>nuclear damages liability</i>
<i>brush cutting</i>	<b>danger</b>
<b>cyanate</b>	anticipation of danger

danger analysis	<b>debt</b>
<i>danger anticipation</i>	debt
<b>dangerous</b>	debt service
commissioner for dangerous goods	developing countries debt
dangerous goods	public debt
dangerous goods law	<b>debtor</b>
dangerous goods regulation	joint debtor
dangerous installation	<b>decantation</b>
dangerous materials transport	decantation
environmentally dangerous substance	<b>decay</b>
technical regulation for dangerous substances	decay product
<i>dangerous substance</i>	urban decay
<i>transport of dangerous goods</i>	<i>forest decay</i>
<i>dangerous plant</i>	<b>decentralisation</b>
<i>dangerous goods legislation</i>	decentralisation
<i>dangerous material</i>	<b>dechlorination</b>
<b>daphnia</b>	dechlorination
<i>daphnia</i>	<b>decibel</b>
<b>data</b>	decibel
data acquisition	<b>deciduous</b>
data analysis	deciduous forest
data base	deciduous tree
data carrier	deciduous wood
data centre	<b>decision</b>
data exchange	decision
data on the state of the environment	decision making support
data processing	decision process
data processing law	decision-support system
data processing system	interim decision
data protection	<i>decision making</i>
data recording technique	<i>judgement (decision)</i>
economic data	<i>decision making process</i>
emission data	<b>deck</b>
environmental data	tween-deck tanker
geo-referenced data	<b>declaration</b>
interchange of electronic data	declaration of public utility
literature data bank	statutory declaration
monitoring data	<i>compulsory declaration</i>
operating data	<i>public utility declaration</i>
per capita data	<b>decommissioning</b>
prognostic data	<i>decommissioning</i>
statistical data	<b>decomposition</b>
<i>data bank</i>	decomposition
<i>data collecting</i>	<i>chemical decomposition</i>
<i>GIS data</i>	<b>decontamination</b>
<i>red data book</i>	chemical decontamination
<i>data collection</i>	decontamination
<i>data analysis technique</i>	radioactive decontamination
<i>electronic data interchange</i>	soil decontamination
<i>state of the environment data</i>	<i>radioactivity decontamination</i>
<b>database</b>	<b>decrease</b>
relational database	decrease
<b>dating</b>	<b>decree</b>
dating	decree
<b>daughter</b>	ministerial decree
<i>daughter product</i>	<b>deed</b>
<b>DDT</b>	administrative deed
DDT	<b>deep</b>
<b>de</b>	deep sea
de-inking	deep sea deposit
<b>dead</b>	deep sea fishing
disposal of the dead	deep sea mining
<i>dead disposal</i>	deep-sea disposal
<b>deadening</b>	<b>deer</b>
<i>noise deadening</i>	deer
<i>sound deadening</i>	<b>defence</b>
<b>debate</b>	defence
nuclear debate	<i>civil defence</i>
parliamentary debate	<i>defence land</i>
<b>debris</b>	<b>deficiency</b>
<i>space debris</i>	oxygen deficiency

<b>deficient</b>	<i>lime-deficient</i> <i>nutrient-deficient</i> <i>oxygen-deficient</i>
<b>defoliation</b>	defoliation
<b>deforestation</b>	deforestation
<b>degasification</b>	landfill degasification waste degasification
<b>degradability</b>	degradability
<b>degradable</b>	weakly degradable substance
<b>degradation</b>	chemical degradation degradation degradation of natural resources degradation of the environment degradation product ecosystem degradation freshwater degradation pollutant degradation soil degradation <i>environment degradation</i> <i>natural resource degradation</i>
<b>degreasing</b>	degreasing
<b>degree</b>	acidity degree
<b>dehydrated</b>	dehydrated sludge
<b>dehydration</b>	<i>dehydration</i>
<b>delegate</b>	plant delegate
<b>delegated</b>	delegated management
<b>delegation</b>	delegation
<b>delict</b>	<i>delict</i>
<b>delinquency</b>	delinquency
<b>delivery</b>	<i>water delivery</i>
<b>delta</b>	delta
<b>demand</b>	biochemical oxygen demand chemical oxygen demand demand energy demand supply and demand water demand <i>power demand</i>
<b>demesnial</b>	demesnial water non-demesnial water <i>non-demesnial river</i> <i>demesnial river</i> <i>demesnial forest</i> <i>demesnial biological reserve</i>
<b>demineralisation</b>	water demineralisation
<b>democracy</b>	democracy
<b>demographic</b>	demographic development demographic evolution
	<i>demographic trend</i>
<b>demography</b>	demography
<b>demolition</b>	demolition business demolition waste
<b>demonstrability</b>	demonstrability
<b>dendrochronology</b>	dendrochronology
<b>dendrometry</b>	dendrometry
<b>denitrification</b>	denitrification denitrification of waste gas <i>waste gas denitrification</i>
<b>density</b>	density housing density population density
<b>deoxyribonucleic</b>	<i>deoxyribonucleic acid</i>
<b>department</b>	cleansing department
<b>depletion</b>	net resource depletion ozone depletion potential ozone layer depletion stratospheric ozone depletion <i>ozone depletion</i>
<b>depollution</b>	<i>waste from depollution</i>
<b>deposit</b>	arrangement for a deposit on packaging deep sea deposit mineral deposit <i>ore deposit</i>
<b>deposited</b>	deposited particulate matter
<b>deposition</b>	acid deposition deposition dry deposition pollutant deposition
<b>derating</b>	power station derating
<b>deregulation</b>	deregulation
<b>derived</b>	refuse derived fuel <i>waste derived fuel</i>
<b>dermapteran</b>	dermapteran
<b>desalination</b>	desalination desalination plant sea water desalination water desalination
<b>desalting</b>	<i>desalting process</i>
<b>desert</b>	desert desert climate desert locust
<b>desertification</b>	desertification desertification control
<b>design</b>	design (project) urban design
<b>desk</b>	

desk study	software development
<b>desorption</b>	status of development
desorption	sustainable development
<b>desoxyribonucleic</b>	sustainable development indicator
<i>desoxyribonucleic acid</i>	technological development
<b>destination</b>	urban development
destination of transport	urban development document
<i>transport destination</i>	urban development law
<b>destruction</b>	urban planning and development
building destruction	water resources development
destruction	waterside development
forest cover destruction	<i>spatial development</i>
habitat destruction	<i>research and development</i>
skyline destruction	<i>forest development and management</i>
<b>desulphurisation</b>	<i>ecological development</i>
desulphurisation	<i>United Nations Conference on Environment and Development</i>
desulphurisation of fuel	<i>development status</i>
<i>fuel desulphurisation</i>	<b>developmental</b>
<b>detection</b>	<i>developmental pattern</i>
automatic detection	<b>device</b>
detection	electrical storage device
<b>detector</b>	exhaust device
detector	shielding device
<b>detergent</b>	<i>analytical device</i>
detergent	<b>devolution</b>
synthetic detergent	devolution
<i>detergent phosphate substitute</i>	<b>dialysis</b>
<b>deterioration</b>	dialysis
forest deterioration	<b>diatom</b>
<i>deterioration of freshwater</i>	diatom
<i>deterioration of the environment</i>	<b>dibenzodioxin</b>
<i>landscape deterioration</i>	<i>polychlorinated dibenzodioxin</i>
<b>determination</b>	<b>dibenzofuran</b>
determination method	polychlorinated dibenzofuran
<b>deterrence</b>	<b>dichloro</b>
deterrence	<i>dichloro-diphenyl-trichloro ethane</i>
<b>deterrent</b>	<b>dictionary</b>
deterrent	dictionary
<b>detersive</b>	<b>didactics</b>
<i>detersive</i>	didactics
<b>detoxification</b>	<b>diesel</b>
detoxification	diesel engine
<b>developed</b>	diesel fuel
developed country	<i>diesel oil</i>
less developed country	<b>differentiation</b>
<b>developing</b>	differentiation
developing countries debt	social differentiation
developing country	tax differentiation
<b>development</b>	<b>diffuse</b>
biological development	diffuse pollution
coastal development	diffuse source
cultural development	<b>diffusion</b>
demographic development	diffusion
development	<i>diffusion of pollutants</i>
development aid	<b>digested</b>
development area	digested sludge
development co-operation	<b>digester</b>
development model	digester
development pattern	<b>digestion</b>
development plan	digestion (sewage)
development planning	sludge digestion
economic development	<i>digestion tower</i>
environmental development	<b>digital</b>
industrial development	digital image processing technique
land development	digital land model
local development	GIS digital format
planned urban development	GIS digital system
regional development	GIS digital technique
river basin development	image processing digital system
rural development	<b>digitisation</b>
social development	<i>digitisation</i>

<b>digitising</b>	digitising
<b>dike</b>	<i>dike</i>
<b>diluted</b>	diluted acid
<b>dinitrogen</b>	<i>dinitrogen monoxide</i>
<b>dioxide</b>	carbon dioxide carbon dioxide tax nitrogen dioxide sulphur dioxide titanium dioxide
<b>dioxin</b>	dioxin polychlordibenzo-p-dioxin
<b>diphenyl</b>	<i>dichloro-diphenyl-trichloro ethane</i>
<b>dipteran</b>	dipteran
<b>dipteron</b>	<i>dipteron</i>
<b>dipterous</b>	<i>dipterous</i>
<b>direct</b>	direct discharger

<b>organophosphorus</b>	<i>non-public-owned water</i>
<i>organophosphorus compound</i>	<b>owner</b>
<b>organosilicon</b>	neighbouring owner
organosilicon compound	owner of waste
<b>organosulphur</b>	<i>waste owner</i>
organosulphur compound	<b>ownership</b>
<b>organotin</b>	ownership
organotin compound	<i>right of ownership</i>
<b>ornithology</b>	<b>oxidant</b>
ornithology	photochemical oxidant
<b>orography</b>	<b>oxidation</b>
orography	oxidation
<b>orthopteran</b>	oxidation-reduction
orthopteran	<b>oxide</b>
<b>Oslo</b>	metal oxide
Oslo agreement	nitrogen oxide
<b>osmosis</b>	oxide
osmosis	sulphur oxide
reverse osmosis	<i>nitrous oxide</i>
<b>ostreiculture</b>	<b>oxides</b>
<i>ostreiculture</i>	nitrogen oxides
<b>out</b>	<b>oxidisable</b>
drying out	oxidisable material
worked-out open cut	<b>oxidising</b>
<b>outdoor</b>	oxidising agent
<i>outdoor local recreation</i>	<b>oxygen</b>
<b>outer</b>	biochemical oxygen demand
outer space (allocation plan)	chemical oxygen demand
<i>outer space (astronomy)</i>	dissolved oxygen
<b>outfall</b>	oxygen
ocean outfall	oxygen content
sea outfall	oxygen deficiency
<i>offshore outfall</i>	<i>oxygen rich</i>
<i>offshore sewage outfall</i>	<i>oxygen-deficient</i>
<b>outlet</b>	<b>oxygenation</b>
overflow (outlet)	oxygenation
underwater outlet	<b>oyster</b>
<b>oven</b>	oyster farming
oven	<b>ozone</b>
<b>over</b>	atmospheric ozone
carry-over effect	ozone
<i>conflict over use</i>	ozone depletion potential

ozone layer	regional natural park
ozone layer depletion	<i>park</i>
stratospheric ozone depletion	<i>zoological park</i>
tropospheric ozone	<b>parking</b>
<i>ozone depletion</i>	parking provision
<b>ozonisation</b>	<i>automobile parking</i>
ozonisation	<i>car parking</i>
<b>Pacific</b>	<b>Parliament</b>
North Pacific Ocean	European Parliament
South Pacific Ocean	member of Parliament
<b>pack</b>	Parliament
ice pack	<i>upper house of parliament</i>
<b>packaging</b>	<i>Parliament member</i>
additional packaging	<b>parliamentary</b>
arrangement for a deposit on packaging	parliamentary debate
EC directive on packaging	parliamentary report

<b>palaeoclimatology</b>	political party
palaeoclimatology	<b>passenger</b>
<b>palaeoecology</b>	local passenger service
palaeoecology	passenger transport
<b>palaeontology</b>	<b>paste</b>
palaeontology	paste-like waste
<b>pan</b>	<b>pasture</b>
<i>salt pan</i>	pasture
<b>paper</b>	<b>pasty</b>
paper	<i>pasty waste</i>
paper industry	<b>patent</b>
recycled paper	patent
waste paper	<b>path</b>
<i>used paper</i>	cycle path
<b>parameter</b>	educational path
ecological parameter	path
meteorological parameter	<b>pathogen</b>
parameter	pathogen
resolution (parameter)	<b>pathogenic</b>
total parameter	pathogenic organism
<b>parasite</b>	<b>pathologic</b>
parasite	pathologic effect
<b>parasitology</b>	<b>pathological</b>
parasitology	<i>pathological effect</i>
<b>Paris</b>	<b>pathology</b>
Paris Convention	human pathology
<b>park</b>	pathology
amusement park	<b>pathway</b>
car park	pesticide pathway
central park area	pollutant pathway
marine park	<b>patrimonial</b>
national park	patrimonial management
natural park	<b>pattern</b>
peripheral park area	behaviour pattern
public park	consumption pattern

development pattern	perchloroethylene
energy utilisation pattern	<b>percolating</b>
pattern of urban growth	percolating water
pattern recognition	<b>performance</b>
<i>developmental pattern</i>	environmental performance
<i>urban growth pattern</i>	<i>agricultural performance</i>
<b>pay</b>	<b>period</b>
pay policy	adaptation period
willingness-to-pay	<b>peripheral</b>
willingness-to-pay analysis	peripheral park area
<b>pays</b>	<b>periphyton</b>
community-pays principle	periphyton
polluter-pays principle	<b>periurban</b>
<b>Pb</b>	periurban space
<i>Pb</i>	<b>permafrost</b>
<b>PBB</b>	permafrost ecosystem
<i>PBB</i>	<b>permeability</b>
<b>PCB</b>	permeability
<i>PCB</i>	<b>permissible</b>
<b>PCDD</b>	permissible exposure limit
<i>PCDD</i>	regulation on maximum permissible limits
<b>PCDF</b>	<i>PEL (permissible exposure limit)</i>
<i>PCDF</i>	<i>maximum permissible limits regulation</i>
<b>PCT</b>	<b>permission</b>
<i>PCT</i>	permission
<b>peace</b>	planning permission
<i>peace maintenance</i>	<i>import permission</i>
<i>maintaining peace</i>	<b>permit</b>

off-peak commuting	<i>marketable permit</i>
off-peak travelling	<i>permit</i>
off-peak working	<i>construction permit</i>
<b>peat</b>	<b>peroxide</b>
peat	<i>nitrogen peroxide</i>
peat extraction	<b>peroxyacetylnitrate</b>
<i>peat bog</i>	peroxyacetylnitrate
<b>pedagogy</b>	<b>persistant</b>
pedagogy	persistant organic pollutant
<b>pedestrian</b>	<b>persistence</b>
pedestrian	persistence
pedestrian zone	persistence of pesticides
<b>pedology</b>	<i>pesticides persistence</i>
<i>pedology</i>	<b>person</b>
<b>pedosphere</b>	disabled person
pedosphere	displaced person
<b>PEL</b>	elderly person
<i>PEL (public emergency limit)</i>	<b>personal</b>
<i>PEL (permissible exposure limit)</i>	personal responsibility
<b>penal</b>	<b>persuasion</b>
penal sanction	moral persuasion
<i>penal law</i>	<b>perturbation</b>
<i>penal responsibility</i>	<i>hearing perturbation</i>
<b>penalty</b>	<b>pest</b>
penalty	agricultural pest
penalty for environmental damage	biological pest control
<i>criminal penalty</i>	chemical pest control
<i>administrative penalty</i>	forest pest
<b>pentachlorophenol</b>	integrated pest control
pentachlorophenol	pest
<b>people</b>	pest control
underprivileged people	pest infestation
<i>nomadic people</i>	<i>pest management</i>
<b>per</b>	<b>pesticide</b>
per capita data	pesticide
<b>perception</b>	pesticide control standard
environmental perception	pesticide pathway
risk perception	residual pesticide
<i>perception of the environment</i>	<i>pesticide spraying</i>
<b>perchloroethylene</b>	<b>pesticides</b>

interaction of pesticides	phosphorus
metabolism of pesticides	<b>photochemical</b>
persistence of pesticides	photochemical agent
toxicity of pesticides	photochemical effect
utilisation of pesticides	photochemical oxidant
<i>pesticides persistence</i>	photochemical pollution
<i>pesticides interaction</i>	photochemical product
<i>pesticides metabolism</i>	photochemical reaction
<i>pesticides utilisation</i>	photochemical smog
<i>pesticides toxicity</i>	<b>photodegradation</b>
<b>pet</b>	photodegradation
pet	<b>photogrammetry</b>

<i>technological progress</i>	environmental protection agency
<b>prohibition</b>	environmental protection association
CFC and halons prohibition	environmental protection cost
prohibition	environmental protection in the enterprise
sewage spreading prohibition	environmental protection officer
<b>project</b>	environmental protection order
design (project)	environmental protection organisation
pilot project	environmental protection regulation
project	environmental protection technology
research project	fire protection

flexible approach to environmental protection	provincial/regional law (D)
flood protection	<b>provision</b>
forest protection	parking provision
groundwater protection	<b>pruning</b>
health protection	pruning
hearing protection	<b>psychic</b>
integrated environmental protection technology	psychic effect
landscape protection	<b>psychical</b>
landscape protection area	<i>psychical effect</i>
mountain protection	<b>psychological</b>
natural areas protection	psychological effect
nature protection	psychological stress
noise protection	<b>psychology</b>
plant protection	environmental psychology
plant protection product	psychology
property protection	social psychology
protection	<b>psychosociology</b>
protection from neighbours	<i>psychosociology</i>
protection of animals	<b>psychosomatic</b>
protection of birds	psychosomatic effect
protection of species	psychosomatic illness
protection system	<b>Pt</b>
radiation protection	<i>Pt</i>
radiation protection law	<b>Pu</b>
respiratory protection apparatus	<i>Pu</i>
sea water protection	<b>public</b>
site protection	declaration of public utility
social protection	public
testing of plant protection products	public access to land
Washington species protection convention	public action
water catchment protection	public aid
water protection	public attendance
water protection area	public awareness campaign
water protection directive	public bath
water protection legislation	public benefit inquiry
water table protection	public building
wildlife protection	public contract
<i>fire protection agent</i>	public debt
<i>civil protection</i>	public discussion
<i>protection measure</i>	public domain
<i>littoral protection</i>	public emergency limit
<i>protection right</i>	public expenditure
<i>EU Water Protection Directive</i>	public finance
<i>protection of forests against fires</i>	public financing
<i>environmental protection by the enterprise</i>	public function
<i>forestry fire protection</i>	public health
<i>protection of water table</i>	public hearing
<i>animals protection</i>	public information
<i>birds protection</i>	public inquiry
<i>species protection</i>	public institution
<i>plant protection products testing</i>	public institution of administrative nature
<b>protective</b>	public institution of industrial and commercial nature
protective measure	public international law
<b>protein</b>	public law
high protein food	public maritime domain
protein	public opinion
protein product	public opinion polling
<b>Protocol</b>	public park
Geneva Protocol	public participation
Montreal Protocol	public procurement
protocol	public prosecutor
<b>protozoan</b>	public prosecutor's office
protozoan	public relations
<b>provider</b>	public sector
internet service provider	public service
<b>providing</b>	public transport
services providing company	public transport vehicle
<b>province</b>	public utility
province	public waterways domain
<b>provincial/regional</b>	public works
provincial/regional authority (D)	public-private partnership

statutory public body	environmental quality objective
<i>information for the public</i>	environmental quality standard
<i>media public information</i>	food quality
<i>PEL (public emergency limit)</i>	groundwater quality
<i>public administration</i>	housing quality standard
<i>public cleansing</i>	indicator of environmental quality
<i>public garden</i>	quality assurance
<i>public access building</i>	quality certification
<i>public liability</i>	quality control
<i>public safety</i>	quality objective
<i>public water</i>	quality of life
<i>non-public-owned water</i>	quality standard
<i>public assistance</i>	soil quality
<i>public health inspector</i>	waste water quality
<i>public security</i>	water quality
<i>public access</i>	water quality directive
<i>public utility declaration</i>	water quality improvement
<i>office of the public prosecutor</i>	water quality management
<i>industrial and commercial nature public institution</i>	<i>water quality (all kinds)</i>
<b>publishing</b>	<i>sound quality</i>
<i>printing press publishing</i>	<i>standard of environmental quality</i>
<b>pulmonary</b>	<i>environmental quality indicator</i>
pulmonary disease	<i>life quality</i>
<b>pulp</b>	<b>quantity</b>
pulp	water quantity management
pulp industry	<b>quarry</b>
<b>pump</b>	quarry
heat pump	underground quarry
pump	<i>sand quarry</i>
water pump	<b>quarrying</b>
<b>pumping</b>	quarrying
pumping	<b>quartering</b>
<b>purchase</b>	quartering
purchase	<b>question</b>
<b>purification</b>	<i>social question</i>
biological waste gas purification	<b>race</b>
gas purification	race relations
physicochemical purification	<b>racking</b>
purification	racking
purification facility	<b>radar</b>
purification plant	radar
purification through the soil	<b>radiation</b>
self-purification	alpha radiation
waste air purification (gas)	background radiation
waste water purification	beta radiation
water purification	cosmic radiation
water purification plant	gamma radiation
<i>purification efficiency</i>	infrared radiation
<i>purification process</i>	ionising radiation
<i>soil purification</i>	non-ionising radiation
<i>purification of waste air (gas)</i>	radiation
<b>purifying</b>	radiation damage
purifying power	radiation dose
<b>purin</b>	radiation effect
purin	radiation exposure
<b>purine</b>	radiation monitoring
<i>purine</i>	radiation physics
<b>PVC</b>	radiation protection
<i>PVC</i>	radiation protection law
<b>pyralene</b>	radiation sickness
pyralene	solar radiation
<b>pyrolysis</b>	ultraviolet radiation
pyrolysis	<i>Röntgen radiation</i>
<b>quality</b>	<i>X ray radiation</i>
acoustical quality	<b>radio</b>
air quality	radio
air quality control	radio programme
air quality management	<b>radioactive</b>
air quality monitoring	radioactive contamination
environmental quality	radioactive decontamination
environmental quality criterion	radioactive dumping

radioactive emission	vector to raster
radioactive fallout	<b>rate</b>
radioactive pollutant	rate
radioactive substance	<i>dose rate</i>
radioactive tracer	<b>ratio</b>
radioactive tracer technique	recycling ratio
radioactive waste	<b>raw</b>
radioactive waste management	raw material
<i>radioactive isotope</i>	raw material consumption
<i>radioactive pollution</i>	raw material securing
<b>radioactivity</b>	raw water
natural radioactivity	renewable raw material
radioactivity	<b>ray</b>
<i>fallout (radioactivity)</i>	X ray
<i>radioactivity decontamination</i>	<i>ultraviolet ray</i>
<b>radioelement</b>	<i>X ray radiation</i>
radioelement	<b>RDF</b>
<b>radionuclide</b>	<i>RDF</i>
radionuclide	<b>re</b>
<b>radon</b>	<i>re-afforestation</i>
radon	<b>reaction</b>
<b>rag</b>	chemical reaction
rag	nuclear reaction
<b>rail</b>	photochemical reaction
rail traffic	reaction kinetics
rail transport	<b>reactor</b>
<b>railroad</b>	fast reactor
railroad vehicle	nuclear reactor
<b>railway</b>	reactor
high-speed railway	reactor safety
railway	<i>fast breeder reactor</i>
railway network	<b>real</b>
railway station	agricultural real estate
underground railway	<b>reasonableness</b>
<i>railway line</i>	reasonableness
<i>railway transport</i>	<b>recapping</b>
<i>railway system</i>	<i>recapping</i>
<b>rain</b>	<b>reclamation</b>
acid rain	land reclamation
rain	reclamation industry
rain forest	waste reclamation
rain water	<i>reclamation (land)</i>
rain water sewer system	<i>reclamation</i>
tropical rain forest	<b>recognition</b>
<b>rainfall</b>	pattern recognition
<i>rainfall</i>	<b>recombinant</b>
<b>rainout</b>	recombinant DNA technology
rainout	<b>recommendation</b>
<b>raising</b>	recommendation
raising a site	<b>recording</b>
<i>site raising</i>	data recording technique
<b>Ramsar</b>	recording of substances
Ramsar Convention	<i>recording</i>
<i>Ramsar agreement</i>	<i>substances recording</i>
<b>random</b>	<b>records</b>
random test	inspection of records
<b>range</b>	<i>records inspection</i>
mountain range	<b>recovery</b>
shooting range	cost recovery basis
<i>rifle range</i>	energy recovery
<i>range of mountains</i>	European Recovery Programme
<b>rape</b>	oil recovery vessel
rape (plant)	recovery
<b>rapid</b>	recovery of landscape
rapid test	recovery plan
rapid transit train	solvent recovery
<b>rare</b>	vapour recovery system
rare species	waste recovery
<b>raster</b>	<i>ecological recovery</i>
raster	<i>water recovery</i>
raster to vector	<i>recovery industry</i>

recovery of wastes	referral information system
<i>landscape recovery</i>	
<b>recreation</b>	<b>refinery</b>
environmental impact of recreation	oil refinery
local recreation	refinery
mass recreation	<b>refining</b>
recreation	coal refining
<i>recreation facility</i>	oil refining
<i>outdoor local recreation</i>	refining
<i>recreation environmental impact</i>	<i>petroleum refining</i>
<b>recreational</b>	<b>reflection</b>
aquatic recreational amenity	reflection
recreational area	<b>reflectometry</b>
<i>recreational dock</i>	reflectometry
<b>recuperation</b>	<b>reforestation</b>
oil residue recuperation	reforestation
<i>recuperation</i>	<b>refrigerant</b>
<b>recyclability</b>	refrigerant
recyclability	<b>refrigerating</b>
<b>recyclable</b>	<i>refrigerating industry</i>
recyclable plastic	<b>refrigeration</b>
<b>recycled</b>	refrigeration
construction with recycled material	refrigeration industry
recycled material	<b>refrigerator</b>
recycled paper	refrigerator
<b>recycling</b>	<b>refuge</b>
recycling	mountain refuge
recycling management and waste law	refuge
recycling potential	<b>refugee</b>
recycling ratio	refugee
residue recycling	<b>refuse</b>
waste recycling	refuse collection vehicle
<i>recycling industry</i>	refuse derived fuel
<i>recycling product</i>	refuse shredder
<i>recycling of waste</i>	refuse-sludge compost
<b>red</b>	<i>bulky refuse</i>
red list	<i>domestic refuse</i>
red tide	<i>refuse</i>
<i>red data book</i>	<i>refuse incineration</i>
<b>redevelopment</b>	<b>regeneration</b>
<i>urban redevelopment</i>	natural regeneration
<i>measure of redevelopment</i>	regeneration
<b>redress</b>	water regeneration
redress	<b>regime</b>
<b>reduction</b>	discharge regime
chemical reduction	land use regime
cost reduction	soil moisture regime
emission reduction	soil use regime
emission reduction banking	<i>hydrologic regime</i>
noise reduction	<b>region</b>
oxidation-reduction	Antarctic region
pollutant reduction	Arctic region
risk reduction	biogeographical region
waste gas reduction	economic region
waste reduction	polar region
waste water reduction	region
<b>reed</b>	<b>regional</b>
reed	regional authority
<b>reef</b>	regional convention
barrier reef	regional development
coral reef	regional law
coral reef lagoon	regional natural park
reef	regional plan
<i>lagoon (coral reef)</i>	regional planning
<b>reference</b>	regional regulation
reference service	regional statistics
<b>referenced</b>	regional structure
geo-referenced data	<i>regional management and planning</i>
geo-referenced information	<b>register</b>
<b>referral</b>	emission register
referral information	land and property register
	land register

land title register	international environmental relations
<b>registered</b>	international relations
registered site	labour relations
<b>registration</b>	monetary relations
image registration	public relations
registration	race relations
registration obligation	trade relations
registration proceeding	<b>relationship</b>
<b>regrowable</b>	dose-effect relationship
<i>regrowable resource</i>	Earth-Sun relationship
<b>regulation</b>	health-environment relationship
air traffic regulation	man-nature relationship
antiseismic regulation	North-South relationship
building regulation	structure-activity relationship
customs regulation	<i>dose-response relationship</i>
dangerous goods regulation	<b>release</b>
EC regulation	accidental release of organisms
EC regulation on eco-management and audit	mutated micro-organisms release
EC regulation on existing chemicals	press release
electronic scrap regulation	release of organisms
environmental protection regulation	<i>release</i>
health regulation	<i>mutated microorganism release</i>
legal regulation	<i>organisms release</i>
mining regulation	<i>organisms accidental release</i>
occupational safety regulation	<b>reliability</b>
pollution control regulation	reliability
regional regulation	<b>relief</b>
regulation	disaster relief
regulation of agricultural production	emergency relief
regulation on maximum permissible limits	emergency relief measure
technical regulation	relief (land)
technical regulation for dangerous substances	social relief
traffic regulation	<b>religion</b>
transport regulation	religion
<i>Community regulation</i>	<b>remain</b>
<i>regulation (ordering)</i>	animal remain
<i>EC eco-management and audit regulation</i>	<i>vegetable remain</i>
<i>agricultural production regulation</i>	<b>remedy</b>
<i>maximum permissible limits regulation</i>	legal remedy
<b>regulative</b>	<b>remobilisation</b>
regulative law	pollutant remobilisation
<b>regulatory</b>	<b>remote</b>
regulatory control	remote sensing
water regulatory authority	remote sensing centre
<i>regulatory activity</i>	<b>removal</b>
<b>rehabilitation</b>	dust removal
rehabilitation	nutrient removal
site rehabilitation	phosphate removal
<i>housing rehabilitation</i>	removal
<b>rehousing</b>	waste removal industry
rehousing	<i>nitrogen removal</i>
<b>reinforcement</b>	<i>waste removal</i>
dyke reinforcement	<i>waste water removal</i>
<b>reintroduction</b>	<b>remuneration</b>
animal species reintroduction	<i>remuneration of work</i>
plant species reintroduction	<b>renaturation</b>
reintroduction	renaturation
species reintroduction	<b>renewable</b>
<b>related</b>	non-renewable energy resource
environmentally related disease	non-renewable resource
health-related biotechnology	renewable energy source
<b>relating</b>	renewable raw material
law relating to prisons	renewable resource
<b>relation</b>	<i>renewable energy</i>
cause-effect relation	<b>renewal</b>
power-heat relation	urban renewal
<b>relational</b>	<b>renovation</b>
relational database	renovation
<b>relations</b>	<b>rental</b>
East-West relations	estate rental
foreign economic relations	rental housing

house rental	national fishing reserve
<b>repair</b>	national reserve
repair business	nature reserve
<b>replacement</b>	reserve
replacement	resource reserve
replacement cost	state biological reserve
<b>report</b>	voluntary natural reserve
environmental report	<i>strict nature reserve</i>
parliamentary report	<i>mineral reserve</i>
report on the state of the environment	<i>natural reserve</i>
report to the minister	<i>demesnial biological reserve</i>
<i>state of the environment report</i>	<i>game reserve</i>
<b>reporting</b>	<b>reservoir</b>
reporting process	gas reservoir
<b>representation</b>	reservoir
representation	retaining reservoir
social representation	water reservoir
<b>repression</b>	<b>residential</b>
repression	non-residential building
<b>reprocessing</b>	residential area
reprocessing	residential area with traffic calmings
<b>reproduction</b>	residential building
animal reproduction	<i>residential zone</i>
plant reproduction	<b>residual</b>
reproduction (biological)	residual amount of water
<b>reproductive</b>	residual pesticide
artificial reproductive technique	residual risk
reproductive manipulation	residual waste
<b>reptile</b>	residual waste sludge
reptile	<i>residual product</i>
<b>requirement</b>	<i>water residual amount</i>
basic food requirement	<b>residue</b>
fire safety requirement	combustion residue
food requirement	incineration residue
<i>energy requirement</i>	oil residue recuperation
<b>requiring</b>	residue
installation requiring approval	residue analysis
<b>rescue</b>	residue of grinding
rescue service	residue recycling
rescue system	treatment residue
<b>research</b>	<i>combustible residue</i>
applied research	<i>organic residue</i>
ecosystem research	<i>urban residue</i>
environmental research	<i>metallic residue</i>

**Seveso**

Seveso Directive

**sewage**

digestion (sewage)  
sewage  
sewage disposal  
sewage farm  
sewage sludge  
sewage spreading prohibition  
sewage treatment system  
*municipal sewage*  
*sewage field*  
*sewage treatment plant*  
*sewage water*  
*urban sewage*  
*offshore sewage outfall*  
*post-treatment sewage*

**sewer**

combined sewer system  
rain water sewer system  
separate sewer system  
*sewer*  
*sewer system*

**sewerage**

sewerage system  
*sewerage*

**shale**

oil shale

**sheet**

*alluvial sheet*

**shelf**

continental shelf

**shellfish**

shellfish  
shellfish farming

**shelter**

animal shelter  
emergency shelter  
shelter  
temporary shelter

**shielding**

shielding device

**shift**

*population shift*

**shifting**

shifting cultivation

**ship**

ship

ship garbage	<b>sintering</b>
ship waste disposal	sintering
tanker (ship)	<b>site</b>
<i>double bottom ship</i>	abandoned industrial site
<b>shipbuilding</b>	archaeological site
shipbuilding	building site
<b>shipping</b>	building site preparation
merchant shipping	camping site
shipping accident	classified site
<i>shipping agent</i>	disused military site
<i>shipping</i>	excavation site
<i>inland shipping</i>	historical site
<b>shipwreck</b>	industrial site
<i>shipwreck</i>	mining site restoration
<b>shooting</b>	off-site
shooting range	old hazardous site
<b>shop</b>	old landfill site
paint shop	on-site wastewater treatment
shop	polluted site
<b>shopping</b>	raising a site
shopping centre	registered site
<b>shore</b>	site protection
<i>shore pollution</i>	site rehabilitation
<b>show</b>	site selection
show	world heritage site
<b>shredder</b>	<i>construction site</i>
refuse shredder	<i>disposal site</i>
shredder	<i>landfill site</i>
<b>shrub</b>	<i>on-site</i>
shrub	<i>site</i>
<i>shrub clearance</i>	<i>natural site</i>
<b>shunting</b>	<i>protected site</i>
shunting yard	<i>construction site noise</i>
<b>Si</b>	<i>inventoried site</i>
<i>Si</i>	<i>site restoration</i>
<b>sick</b>	<i>uncontrolled dump site</i>
sick building syndrome	<i>site raising</i>
<b>sickness</b>	<b>siting</b>
radiation sickness	<i>siting of industry</i>
<b>side</b>	<b>situ</b>
excavation side	in situ
side effect	<b>situation</b>
side effects of pharmaceutical drugs	economic situation
<i>pharmaceutical drugs side effects</i>	emission situation
<b>sieving</b>	<i>social situation</i>
sieving	<b>size</b>
<b>silencer</b>	size of business
silencer	<i>business size</i>
<b>silicon</b>	<b>sized</b>
silicon	small and medium sized industry
<b>silo</b>	<i>small and medium-sized firm</i>
silo	<i>small and medium-sized enterprise</i>
<b>silt</b>	<b>sizing</b>
silt	sizing
<b>silting</b>	<b>ski</b>
silting up	ski run
<b>silver</b>	<i>ski</i>
silver	<i>ski trail</i>
<b>simulation</b>	<b>skiing</b>
simulation	skiing
<b>single</b>	<b>skin</b>
single European act	skin
single family dwelling	<b>skyline</b>
<i>single family settlement</i>	skyline destruction
<b>sink</b>	<b>slag</b>
pollution sink	slag
<b>sinking</b>	<i>slag heap</i>
sinking of waste	<i>slag pile</i>
<i>land sinking</i>	<b>slash</b>
<i>sinking</i>	slash and burn culture
<i>waste sinking</i>	<b>slaughter</b>

animal for slaughter	<b>soaking</b>
<i>slaughter of animals</i>	soaking
<b>slaughterhouse</b>	<b>soap</b>
slaughterhouse	soap
slaughterhouse waste	<b>social</b>
<b>slaughtering</b>	leave on social grounds
slaughtering of animals	social analysis
<i>slaughtering</i>	social behaviour
<i>animals slaughtering</i>	social condition
<b>sleep</b>	social cost
sleep	social development
sleep disturbance	social differentiation
<b>slick</b>	social dynamics
oil slick	social facility
<b>slope</b>	social framework
slope	social group
<b>sludge</b>	social indicator
activated sludge	social inequality
clearing sludge	social medicine
dehydrated sludge	social movement
digested sludge	social participation
industrial sludge	social policy
refuse-sludge compost	social problem
residual waste sludge	social process
sewage sludge	social protection
sludge	social psychology
sludge digestion	social relief
sludge incineration	social representation
sludge settling pond	social science
sludge stabilisation	social security
sludge treatment	social service
waste water sludge	social structure
<b>sluice</b>	social survey
sluice	social system
sluice-gate	social value
<b>slurry</b>	social welfare
<i>slurry</i>	social-minded behaviour
<b>small</b>	<i>social environment</i>
small and medium sized industry	<i>social category</i>
Small Islands (political geography)	<i>social question</i>
small power station	<i>social life</i>
small-scale furnace	<i>social situation</i>
small-scale inducer	<i>social affairs</i>
<i>small and medium-sized firm</i>	<i>social aid</i>
<i>small power plant</i>	<b>society</b>
<i>small and medium-sized enterprise</i>	culture (society)
<b>smell</b>	industrial society
<i>smell (scent)</i>	man (society)
<b>smelting</b>	professional society
metal smelting	society
<b>SMI</b>	<b>socio</b>
<i>SMI</i>	socio-cultural group
<b>smog</b>	<b>socioeconomic</b>
photochemical smog	socioeconomic aspect of human settlements
smog	socioeconomic factor
smog warning	socioeconomic impact of biotechnologies
<b>smoke</b>	<i>biotechnologies socioeconomic impact</i>
smoke	<i>human settlements socioeconomic aspect</i>
smoke prevention	<b>socioeconomics</b>
tobacco smoke	socioeconomics
<b>smoking</b>	<b>socioeducational</b>
smoking	socioeducational activity
<b>Sn</b>	<b>sociological</b>
<i>Sn</i>	sociological survey
<b>snake</b>	<b>sociology</b>
snake	sociology
<b>snow</b>	<b>sociopolitical</b>
snow	sociopolitical aspect
<i>flow of snow</i>	<b>softener</b>
<b>snowslide</b>	<i>softener</i>
snowslide	<b>softening</b>

softening	<b>solid</b>
softening agent	solid matter
<b>software</b>	solid particle
software	solid state
software development	solid waste
<b>soil</b>	solid waste disposal
alkali soil	<i>solid</i>
contaminated soil	<i>solid earth</i>
purification through the soil	<b>solubility</b>
soil	solubility
soil acidification	<b>solvent</b>
soil air	organic solvent
soil analysis	solvent
soil biology	solvent recovery
soil capability	<b>solving</b>
soil chemistry	environmental problem solving
soil compaction	<b>songbird</b>
soil condition	songbird
soil conservation	<b>sonic</b>
soil conservation legislation	sonic boom
soil damage	<b>soot</b>
soil decontamination	soot
soil degradation	<b>sorption</b>
soil erosion	sorption
soil fertilisation	<b>sorting</b>
soil fertility	sorting at source
soil formation	waste sorting
soil function	waste sorting unit
soil improvement	<b>sound</b>
soil layer	linear source of sound
soil leaching	sound
soil loading	sound emission
soil map	sound immission
soil mechanics	sound insulation material
soil mineralogy	sound level
soil moisture	sound measurement
soil moisture regime	sound propagation
soil organism	sound transmission
soil pollutant	<i>sound insulation</i>
soil pollution	<i>sound deadening</i>
soil process	<i>sound quality</i>
soil profile	<i>sound linear source</i>
soil quality	<b>soundproofing</b>
soil resource	soundproofing
soil salination	<b>source</b>
soil salinity	accident source
soil science	diffuse source
soil settling	emission source
soil stabilisation	energy source
soil stability	energy source material
soil structure	impact source
soil subsidence	information source
soil surface sealing	line source
soil texture	linear source of sound
soil type	non-polluting energy source
soil use	plane source
soil use regime	point source
soil water	pollutant source identification
working the soil	renewable energy source
<i>soil contamination</i>	separation at source
<i>soil purification</i>	sorting at source
<i>function of the soil</i>	source of pollution
<b>solar</b>	use of waste as energy source
solar cell	waste collection at source
solar collector	<i>linear source</i>
solar energy	<i>power source</i>
solar energy technology	<i>sound linear source</i>
solar heating	<i>pollution source</i>
solar power station	<b>South</b>
solar radiation	North-South relationship
<i>solar power</i>	South America

South Atlantic Ocean	rare species
South Pacific Ocean	species
<i>North-South conflict</i>	species conservation programme
<i>South-East Asia</i>	species impoverishment
<b>Southeast</b>	species reintroduction
Southeast Asia	vanished species
<i>Association of Southeast Asian Nations</i>	vulnerable species (IUCN)
<b>Southern</b>	Washington species protection convention
Southern Africa	<i>ecology of individuals or species</i>
Southern Asia	<i>hunting species</i>
<b>space</b>	<i>animal species introduction</i>
green space	<i>plant species introduction</i>
living space	<i>species protection</i>
outer space (allocation plan)	<i>endangered species category</i>
periurban space	<i>species conservation</i>
space (interplanetary)	<b>specific</b>
space policy	<i>specific pollution load</i>
space research	<b>specimen</b>
space transportation	environmental specimen bank
space travel	<b>spectral</b>
space waste	spectral band
<i>natural space</i>	<b>spectroscopy</b>
<i>open space</i>	spectroscopy
<i>outer space (astronomy)</i>	<b>spectrum</b>
<i>space debris</i>	noise spectrum
<i>space setup and management</i>	<b>speech</b>
<i>space setup</i>	speech
<i>space layout</i>	<b>speed</b>
<i>space transport</i>	high-speed railway
<i>protected space</i>	high-speed train
<b>spaces</b>	speed
<i>natural spaces conservation</i>	speed limit
<b>spasmodic</b>	<b>spider</b>
spasmodic croup	spider
<b>spatial</b>	<b>spill</b>
spatial distribution	oil spill
spatial mobility	<b>spillage</b>
<i>spatial development</i>	spillage
<b>spawning</b>	<i>oil spillage</i>
spawning ground	<b>spillway</b>
<b>special</b>	<i>spillway</i>
special authorisation	<b>spoil</b>
special industrial waste	spoil dump
special law	<i>spoil heap</i>
special waste	<b>sponge</b>
<i>special tax</i>	<i>sponge</i>
<b>specialisation</b>	<b>sponsorship</b>
specialisation (biological)	sponsorship
<b>speciality</b>	<b>sport</b>
speciality chemical	sport
<b>species</b>	<b>sports</b>
adaptable species	sports facility
animal species	winter sports resort
animal species reintroduction	<b>sprawl</b>
bird species	urban sprawl
category of endangered species	<b>spray</b>
conservation of species	spray can
endangered animal species	<i>spray room</i>
endangered plant species	<b>sprayed</b>
endangered species (IUCN)	sprayed asbestos
endemic species	<b>spraying</b>
exotic species	<i>pesticide spraying</i>
extinct species (IUCN)	<b>spreading</b>
introduction of animal species	sewage spreading prohibition
introduction of plant species	<b>spring</b>
lower risk species (IUCN)	spring (hydrology, land)
migratory species	spring water
plant species	<b>spurting</b>
plant species reintroduction	spurting
protected species	<b>squandering</b>
protection of species	<i>squandering</i>

<b>square</b>	<i>welfare state theory</i>
square	<b>statement</b>
<b>squatter</b>	environmental impact statement
squatter settlement	environmental statement (eco-audit)
<b>Sr</b>	<b>station</b>
<i>Sr</i>	bus station
<b>stabilisation</b>	combined cycle-power station
sludge stabilisation	filling station
soil stabilisation	heat and power station
stabilisation lagoon	monitoring station
<b>stability</b>	power station
soil stability	power station derating
<b>stable</b>	railway station
stable	small power station
<b>stack</b>	solar power station
stack	station
<i>tall chimney stack</i>	tidal power station
<b>stacks</b>	waste-fed power station
excessive height of chimney stacks	wind power station
<i>chimney stacks excessive height</i>	<i>hydroelectric power station</i>
<b>stage</b>	<i>nuclear power station</i>
<i>vegetation stage</i>	<i>thermoelectric power station</i>
<b>standard</b>	<i>gas station</i>
emission standard	<i>coach station</i>
environmental quality standard	<i>thermal power station</i>
European standard	<i>coal fired power station</i>
housing quality standard	<b>statistical</b>
ISO standard	statistical analysis
living standard	statistical data
pesticide control standard	statistical information
product standard	statistical information system
quality standard	statistical series
safety standard	<b>statistics</b>
safety standard for building	environmental statistics
standard	industrial production statistics
standard for building industry	regional statistics
<i>standard of environmental quality</i>	statistics
<i>building industry standard</i>	waste statistics
<i>standard of living</i>	waste water statistics
<b>standardisation</b>	water statistics
international standardisation	wildlife population statistics
standardisation	<b>status</b>
<b>standards</b>	marital status
coppice with standards	occupational status
<b>staple</b>	status of development
staple food	woman's status
<b>starch</b>	<i>status of woman</i>
starch	<i>development status</i>
<b>state</b>	<b>statutory</b>
colloidal state	prescription statutory limitation
data on the state of the environment	statutory declaration
gaseous state	statutory public body
liquid state	statutory text
report on the state of the environment	<b>steady</b>
solid state	steady noise
state	<b>steam</b>
state biological reserve	steam generator
state control	<b>steel</b>
state forest	iron and steel industry
state of matter	steel
state of the art	steel industry
state of the environment	<b>sterilisation</b>
state of waste	sterilisation (biological)
theory of the welfare state	sterilisation (process)
<i>state aid</i>	<b>steroid</b>
<i>state river</i>	steroid
<i>non-state-owned river</i>	<b>stock</b>
<i>matter state</i>	environmental stock exchange
<i>waste state</i>	fish stock
<i>state of the environment report</i>	stock (biological)
<i>state of the environment data</i>	stock (trade)

stock management	chemical structure
<b>Stockholm</b>	company structure
Stockholm Conference	economic structure
<b>stocking</b>	employment structure
stocking	fisheries structure
<b>stocktaking</b>	industrial structure
ecological stocktaking	institutional structure
stocktaking	population structure
<b>stone</b>	regional structure
natural stone	social structure
stone	soil structure
<b>storage</b>	structure plan
agricultural storage	structure-activity relationship
electrical storage device	structure-borne noise
energy storage	urban structure
final storage	<i>structure</i>
food storage	<b>study</b>
heat storage	desk study
hydrocarbon storage tank	environmental impact study
storage (process)	environmental study
storage dam	experimental study
temporary storage	field study
underground storage	literature study
waste storage	market study
<i>storage cell</i>	safety study
<i>storage of wastes</i>	urban study
<b>storm</b>	<i>economic study</i>
storm	<i>meteorological study</i>
storm damage	<i>risk study</i>
storm water basin	<i>waste study</i>
<i>storm-water tank</i>	<b>sty</b>
<b>stove</b>	<i>pig sty</i>
stove	<b>suasion</b>
<b>stratification</b>	<i>moral suasion</i>
stratification	<b>sub</b>
<b>stratosphere</b>	sub-national boundary
stratosphere	<b>subject</b>
<b>stratospheric</b>	subject
stratospheric ozone depletion	<i>subject discipline</i>
<b>stream</b>	<b>submarine</b>
stream measurement	submarine
<i>stream</i>	submarine morphology
<b>street</b>	<b>subsequent</b>
street cleaning	subsequent order
<i>street</i>	<b>subsidence</b>
<i>street system</i>	soil subsidence
<b>strength</b>	subsidence
strength of materials	<b>subsidiarity</b>
<i>materials strength</i>	<i>principle of subsidiarity</i>
<b>stress</b>	<b>subsidiary</b>
area under stress	subsidiary principle
psychological stress	<b>subsidy</b>
stress	environmental subsidy
urban stress	subsidy
<b>strict</b>	<b>subsoil</b>
<i>strict nature reserve</i>	subsoil
<b>strip</b>	subsoil drainage
strip mining	<b>substance</b>
<b>stroke</b>	aromatic substance
four stroke engine	biochemical substance
two-stroke engine	environmentally dangerous substance
<b>strong</b>	etching substance
strong acidity	functional substance
<b>strontium</b>	hazardous substance
strontium	flammable substance
<b>structural</b>	inorganic substance
structural adjustment program	insoluble substance
<b>structure</b>	lipophilic substance
agricultural structure	mutagenic substance
atmospheric structure	non-volatile substance
built structure	organic substance

radioactive substance	<i>sunshine duration</i>
teratogenic substance	<b>supervised</b>
toxic substance	supervised image classification
volatile substance	<b>supervision</b>
water (substance)	supervision of building works
weakly degradable substance	supervision of installation
xenobiotic substance	<i>building works supervision</i>
<i>agricultural use substance</i>	<i>installation supervision</i>
<i>chemical substance</i>	<b>supervisory</b>
<i>dangerous substance</i>	supervisory body
<i>substance</i>	<b>supply</b>
<i>natural substance</i>	adequate food supply
<i>fireproofing substance</i>	drinking water supply
<b>substances</b>	electric power supply
antagonistic effect of toxic substances	electricity supply industry
behaviour of substances	energy supply
hazardous substances legislation	gas supply
recording of substances	heat supply
synergistic effect of toxic substances	local heat supply
technical regulation for dangerous substances	rural water supply
<i>additive effect of toxic substances</i>	supply (trade)
<i>substances behaviour</i>	supply and demand
<i>toxic substances antagonistic effect</i>	urban water supply
<i>toxic substances synergistic effect</i>	water supply
<i>substances recording</i>	<i>electricity supply</i>
<b>substitutability</b>	<i>power supply</i>
substitutability (chemistry)	<i>water supply system</i>
<b>substitute</b>	<b>support</b>
phosphate substitute	decision making support
<i>detergent phosphate substitute</i>	decision-support system
<b>substitution</b>	economic support
substitution of halogenated compounds	<b>surface</b>
substitution of phosphate	soil surface sealing
<i>halogenated compounds substitution</i>	surface active compound
<i>phosphate substitution</i>	surface runoff
<b>substrate</b>	surface tension
substrate cultivation	surface treatment
<b>subsurface</b>	surface water
<i>subsurface water</i>	surface water management
<b>subterranean</b>	surface-active agent
<i>subterranean water</i>	<b>surfactant</b>
<b>subtropical</b>	<i>surfactant</i>
subtropical ecosystem	<b>surgical</b>
<b>suburb</b>	surgical waste
suburb	<b>surplus</b>
<b>subvention</b>	surplus
<i>subvention</i>	<b>surveillance</b>
<b>sudden</b>	surveillance
sudden load	<b>survey</b>
<b>sugar</b>	census survey
sugar (product)	opinion survey
sugar industry	social survey
<b>suits</b>	sociological survey
class action suits law	survey
<b>sulphate</b>	<i>environmental survey</i>
sulphate	<b>survival</b>
<b>sulphide</b>	survival
hydrogen sulphide	<b>suspended</b>
sulphide	suspended matter
<b>sulphur</b>	<b>sustainability</b>
sulphur	principle of sustainability
sulphur concentration	sustainability
sulphur dioxide	<i>sustainability principle</i>
sulphur monoxide	<b>sustainable</b>
sulphur oxide	environmental sustainable architecture
<b>sulphuric</b>	sustainable development
sulphuric acid	sustainable development indicator
<b>Sun</b>	sustainable use
Earth-Sun relationship	<b>swamp</b>
<b>sunshine</b>	mangrove swamp
duration of sunshine	swamp

<b>swans,</b>	protection system
swans, geese and ducks	rain water sewer system
<b>sweeper</b>	referral information system
<i>road sweeper</i>	rescue system
<b>sweetener</b>	respiratory system
sweetener	safety system
<b>swell</b>	separate sewer system
swell	sewage treatment system
<b>sylviculture</b>	sewerage system
<i>sylviculture</i>	social system
<b>symbiosis</b>	statistical information system
symbiosis	tax system

traditional culture	<b>transit</b>
traditional health care	rapid transit train
<i>traditional medicine</i>	<b>transition</b>
<b>traffic</b>	transition element
air traffic	<b>transitional</b>
air traffic law	transitional arrangement
air traffic regulation	transitional settlement
civil air traffic	<b>transmission</b>
commercial traffic	sound transmission
commuter traffic	<b>transpiration</b>
fast traffic	transpiration
heavy goods vehicle traffic	<b>transport</b>
local traffic	combined transport
long-distance traffic	dangerous materials transport
military air traffic	destination of transport
rail traffic	environmental impact of transport
residential area with traffic calmings	food transport
road traffic	freight transport
road traffic engineering	inland waterways transport
traffic	long-distance transport
traffic accident	maritime transport
traffic control	mass transport (physics)
traffic control measure	passenger transport
traffic emission	prior notification for hazardous waste transport
traffic engineering	private transport
traffic infrastructure	public transport
traffic jam	public transport vehicle

<i>VEC</i>	<b>VII</b>
<b>vector</b>	element of group VII
raster to vector	<i>group VII element</i>
vector	<b>village</b>
vector of human diseases	village
vector to raster	<b>vinasse</b>
<i>human diseases vector</i>	vinasse
<b>vegetable</b>	<b>violation</b>
green vegetable	<i>violation</i>
vegetable	<b>virology</b>
vegetable cultivation	virology
vegetable oil	<b>virus</b>
vegetable waste	virus
<i>vegetable remain</i>	<b>viscosity</b>
<b>vegetation</b>	viscosity
riverside vegetation	<b>visual</b>
vegetation	audio-visual presentation
vegetation cover	<i>audio-visual material</i>
vegetation level	<b>vitamin</b>
vegetation type	vitamin
<i>vegetation stage</i>	<b>viticulture</b>
<i>vegetation zone</i>	viticulture
<b>vegetative</b>	<b>vitricification</b>
cutting (vegetative propagation)	vitricification
<b>vehicle</b>	<b>vitro</b>
abandoned vehicle	in vitro assay
all-terrain vehicle	<i>in vitro test</i>
commercial vehicle	<i>in vitro</i>
electric vehicle	<b>vivo</b>
heavy goods vehicle traffic	in vivo assay
motor vehicle	<i>in vivo test</i>
motor vehicle emission	<i>in vivo</i>
motor vehicle exhaust gas	<b>VOC</b>
motor vehicle industry	<i>VOC</i>
motor vehicle pollution	<b>vocabulary</b>
public transport vehicle	vocabulary
railroad vehicle	<b>vocational</b>
refuse collection vehicle	vocational training
scrap vehicle	<b>volatile</b>
vehicle	non-volatile substance
vehicle exhaust gas	volatile organic compound
vehicle inspection	volatile substance
vehicle manufacturing industry	<b>volatility</b>

volatility	bulky waste
<b>volcanic</b>	chemical treatment of waste
volcanic area	chemical waste
volcanic eruption	combined waste water
<b>volcanism</b>	compostable waste
volcanism	consumer waste
<b>volcano</b>	crop waste
volcano	demolition waste
<b>volcanology</b>	denitrification of waste gas
volcanology	domestic waste
<b>voltage</b>	domestic waste landfill
high voltage line	domestic waste water
<b>volume</b>	dual waste management
waste volume	EC directive on waste disposal
<b>voluntary</b>	garden waste
voluntary natural reserve	hard-to-dispose-of waste
voluntary work	hazardous waste
<b>voting</b>	hazardous waste dump
voting	health-care activities waste
<b>vulcanisation</b>	hospital waste
vulcanisation	incineration of waste
<b>vulcanism</b>	industrial waste
<i>vulcanism</i>	industrial waste gas
<b>vulcanology</b>	industrial waste water
<i>vulcanology</i>	inert waste
<b>vulnerable</b>	laboratory waste
vulnerable species (IUCN)	liquid waste
<b>Wadden</b>	metal waste
Wadden Sea	mineral waste
<b>wage</b>	mining waste
wage system	municipal waste
<b>wall</b>	organic waste
climbing plant (wall)	owner of waste
wall	packaging waste
<b>war</b>	paste-like waste
war	pharmaceutical waste
war victim	plastic waste
<b>ware</b>	pollution abatement waste
<i>concrete ware industry</i>	prior notification for hazardous waste transport
<i>ceramic ware</i>	radioactive waste
<b>warfare</b>	radioactive waste management
disposal of warfare materials	recycling management and waste law
environmental warfare	residual waste
<i>chemical warfare agent</i>	residual waste sludge
<i>ecological warfare</i>	rubber waste
<i>warfare</i>	ship waste disposal
<i>warfare materials disposal</i>	sinking of waste
<b>warm</b>	slaughterhouse waste
warm-blooded animal	solid waste
<b>warming</b>	solid waste disposal
global warming	space waste
<b>warmth</b>	special industrial waste
<i>warmth</i>	special waste
<b>warning</b>	state of waste
early warning system	surgical waste
smog warning	toxic waste
warning plan	trade waste
warning system	type of waste
<b>washing</b>	use of waste as energy source
washing	use of waste as material
<b>Washington</b>	vegetable waste
Washington species protection convention	waste
<i>Washington Convention</i>	waste air
<b>wastage</b>	waste air purification (gas)
wastage	waste analysis
<b>waste</b>	waste assimilation capacity
agricultural waste	waste avoidance
animal waste	waste balance
biological waste gas purification	waste bin
biological waste treatment	waste charge
building waste	waste classification

waste collection	<i>farm waste</i>
waste collection at source	<i>farmyard waste</i>
waste composition	<i>legislation on waste</i>
waste conversion technique	<i>polymer waste</i>
waste degasification	<i>sanitary waste</i>
waste disposal	<i>waste collection by producer</i>
waste disposal act	<i>waste derived fuel</i>
waste disposal charge	<i>waste dump gas</i>
waste disposal cost	<i>waste material</i>
waste disposal in the ground	<i>waste processing</i>
waste dump	<i>waste removal</i>
waste dumping	<i>waste reutilisation</i>
waste exchange	<i>waste minimising</i>
waste export	<i>waste water removal</i>
waste gas	<i>waste water levy</i>
waste gas dispersion	<i>industrial production waste</i>
waste gas emission	<i>urban waste</i>
waste gas examination	<i>ordinary industrial waste</i>
waste gas reduction	<i>cumbersome waste</i>
waste glass	<i>waste study</i>
waste gypsum	<i>plastics waste</i>
waste heat	<i>waste separation</i>
waste heat charge	<i>waste transportation</i>
waste heat utilisation	<i>waste from depollution</i>
waste importation permit	<i>waste-fed power plant</i>
waste incinerator	<i>commercial waste</i>
waste income	<i>pasty waste</i>
waste legislation	<i>waste pre-collection</i>
waste management	<i>waste disposal tax</i>
waste minimisation	<i>clinical waste</i>
waste minimisation potential	<i>waste type</i>
waste oil	<i>waste hard to dispose</i>
waste paper	<i>waste of hospital</i>
waste processing industry	<i>waste state</i>
waste producer	<i>glass waste</i>
waste reclamation	<i>ground waste disposal</i>
waste recovery	<i>waste sinking</i>
waste recycling	<i>waste incineration</i>
waste reduction	<i>recycling of waste</i>
waste removal industry	<i>treatment of waste</i>
waste sorting	<i>waste chemical treatment</i>
waste sorting unit	<i>purification of waste air (gas)</i>
waste statistics	<i>waste gas denitrification</i>
waste storage	<i>biological treatment of waste water</i>
waste transport	<i>hazardous waste transport prior notification</i>
waste treatment	<i>waste owner</i>
waste treatment effluent	<b>wasteland</b>
waste treatment plant	industrial wasteland
waste use	<b>wastes</b>
waste volume	export of hazardous wastes
waste water	<i>wastes law</i>
waste water charge	<i>storage of wastes</i>
waste water discharge	<i>recovery of wastes</i>
waste water disposal	<i>hazardous wastes export</i>
waste water legislation	<b>wastewater</b>
waste water load	biological wastewater treatment
waste water pollution	collective wastewater treatment
waste water purification	individual wastewater treatment
waste water quality	olive oil mill wastewater
waste water reduction	on-site wastewater treatment
waste water sludge	urban wastewater
waste water statistics	wastewater from trade
waste water treatment	<i>harmfulness of wastewater</i>
waste water treatment plant	<b>wasting</b>
waste-fed heating and power plant	<i>wasting</i>
waste-fed heating plant	<b>water</b>
waste-fed power station	air-water interaction
wet waste	bathing water
wood waste	bilge water
<i>burning of waste</i>	biological water balance
<i>dump (waste)</i>	brackish water

## Concordance List

---

coastal water	water corrosivity
combined waste water	water cost
cooling water	water damage
demesnial water	water demand
domestic waste water	water demineralisation
drainage water	water desalination
drinking water	water distribution system
drinking water protection area	water endangering
drinking water supply	water erosion
drinking water treatment	water extraction
EC directive on water protection	water flea
emission to water	water for agricultural use
exploitation of underground water	water for consumption
flowing water	water for industrial use
high tide water	water hardness
hot water	water hyacinth
industrial waste water	water infiltration into the ground
inland water	water level
mineral water	water management
municipal water distribution system	water mill
municipal water management	water monitoring
non-demesnial water	water pollutant
percolating water	water pollution
process water	water pollution prevention
rain water	water power
rain water sewer system	water pricing
raw water	water protection
residual amount of water	water protection area
restoration of water	water protection directive
river water	water protection legislation
rural water supply	water pump
salt water	water purification
sea water	water purification plant
sea water desalination	water quality
sea water protection	water quality directive
seepage water	water quality improvement
soil water	water quality management
spring water	water quantity management
storm water basin	water regeneration
surface water	water regulatory authority
surface water management	water reservoir
thermal water	water resource
tidal water	water resources conservation
traffic on water	water resources development
urban water	water resources legislation
urban water supply	water resources management
used water	water reuse
waste water	water salination
waste water charge	water salinity
waste water discharge	water saving
waste water disposal	water science
waste water legislation	water seepage
waste water load	water statistics
waste water pollution	water supply
waste water purification	water table
waste water quality	water table protection
waste water reduction	water taste
waste water sludge	water transportation
waste water statistics	water treatment
waste water treatment	water utilisation
waste water treatment plant	water weed cutting
water (geographic)	water well
water (substance)	<i>continental water</i>
water aeration	<i>water current</i>
water analysis	<i>industrial water</i>
water body	<i>inland water transport</i>
water bottom	<i>marine water</i>
water catchment protection	<i>potable water</i>
water collection	<i>potable water treatment</i>
water conservation	<i>running water</i>
water consumption	<i>sewage water</i>
